process. It lubricates all the bearing surfaces where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used. The result is improved gasoline mileage, quicker starting and increased freedom from carbon and other motor troubles. A Ford is an A-1 transportation invest-

ment. Protect your investment by proper lubrication.

A big organization extending over three counties enables us to give real service and satisfaction.

The Home Is a Business

The many advantage sof the personal checking account quickly appeal to women. Paying all bills by checks eliminates all discussions, as cancelled checks are receipts.

When the housewife has a checking account, budgets are easier to keep; savings are less subject to disturbance; thrift is established as a practice; and the home is placed in its rightful position as a business-conducted along business lines.

Open a checking account for your wife at this bank. Give her the opportunity to show you how efficient she can be. No doubt she will show you a healthy cash balance at the end of the year-on which we pay 4%
