Marshal Devin has placed marks in the street intersections along Main street to guide drivers of machines in making proper turns. The markers are of concrete, made by Mr. Devin, and are properly lettered. One of them, near Gilliam & Blabbe's has been put out of commission by the water wagon running over it when Billy Kirk was backing away from the hydrant at the corner with a tank full. The newly constructed block couldn't stand the pressure and it is a bad wreck.

D. S. Barlow spent a few hours in town on Saturday from his Eight Mile farm. Harvest is on at his place, the grain turning out quite well and Dan states that it is about the hottest harvest season that he has ever experienced in this country. The heated soil has held on mightily steadily but aside from this there has been nothing to impede the progress of cutting and threshing the grain with the exception of a slight rain out that way early Saturday morning.

An alarm of fire was turned in on Tuesday morning a little after 11 o'clock, the fire being at the residence of Mrs. Lillian Cochran. It was of no serious consequence, however, a room having been filled with smoke arising from a stove filled with a lot of waste paper which had become ignited.

**Local Happenings**

A lively thunder storm passed over Heppner between 12 and 1 o'clock on Friday night, and one extremely sharp clap of thunder with a heavy bolt of lightning brought most of the residents of the city to a sitting posture in their beds. The lightning played some pranks but no serious damage resulted. The house of Fred Tash had some shingles knocked off and all the light fuses burned out, and it was thought that the lightning must have hit on one of the hills near town. However, there is no report to confirm this, an aside from the shock to the nerves of those suddenly awakened out of sleep no harm was done. There was but a slight fall of rain as a result of the storm here, but quite a heavy shower is reported to have fallen in the mountains, where, some good rains now would do a lot of good.

George Noble and several members of his family visited with his mother and other relatives at Heppner during the past week, driving from their home at Winnemucca, Nevada. It required something over five hundred miles for Mr. Noble to reach Heppner the way he came, and there was not a mile of good road in the entire distance. Mr. Noble came in by Mt. Vernon Springs, and there he picked up his brother Frank who accompanied them to Heppner. They departed on the return trip Sunday and will go by way of California, thus getting good roads all the way. Mr. Noble has lived at Winnemucca for a good many years, where he is engaged in working for a big mining company.

Mr. and Mrs. William Hughes drove over from Pendleton on Sunday with friends. Mrs. Hughes returned home on Sunday evening but Billy spent the most of the week here with his relatives and enjoying a visit with old friends.

LOST, Strayed or Stolen, from my place nine miles southwest of Heppner, heavy brown mare, 3-year-old, lay B brand on right shoulder; last seen near Lexington. A. B. Fletcher.
