

THE GAZETTE-TIMES

THE HEPPNER GAZETTE, Established March 20, 1882. THE HEPPNER TIMES, Established November 18, 1897. CONSOLIDATED FEBRUARY 18, 1918. Published every Thursday morning by YANTER AND SPENCER CRAWFORD and entered at the Post Office at Heppner, Oregon, as second-class matter.

Mr. Steiwer In. FREDERICK W. STEIWER of Pendleton is in the race for nomination as United States Senator, having made announcement to that effect at Pendleton on Saturday. His platform will appear at a later date.

HEPPNER business interests should have been more fully represented at the road meeting down at Pine City Sunday afternoon. Other communities were well represented there, showing that they were interested in what might be going on.

These two points Mr. Steiwer touched upon in his announcement, together with the items of Columbia river improvement and shipping, all of which, with many other points will no doubt be fully elaborated in the platform he will publish later.

The Real Danger—Our Own Apathy. THE statement has been made that American Politics will show a growth of communistic sentiment in the near future.

Neither socialism nor communism can gain a lasting foothold in this country if we all do our duty in broadcasting a tenth part of the advantages under our present form of government, which has proven itself far superior to any plan yet offered that would change its basic principles.

Communism and Socialism can only point to a long record of failures with resulting misery to the deluded followers of such teachings. Under no other government in the world have the masses of the people been given such equal opportunities as in America.

With 16,337,605 electric light and power customers, 15,000,000 automobiles, 14,000,000 telephones, 9,000,000 phonographs, 3,500,000 radios, 110,000,000 Americans enjoy more of these modern conveniences than the peoples of all other countries combined.

It is not just by chance that America has such things in the largest quantities for common use. It is here and here only that the individual enjoys the greatest freedom for developing ideas, energy, ambition and initiative.

them. We should present them whenever possible to counteract spurious proposals which if not defeated can undermine the strongest governmental structure that exists today.

Revolutionizing Farm Pleasures.

THE United States is fairly blanketed with radio service so that the farmer, anywhere and everywhere, merely has to choose and tune in on what he likes best. With superpower stations this will be increasingly true.

"After the day's work, when the supper dishes are cleared away, the farmer and his family can gather around the open fire in winter and listen to the music of Grand Opera, conscious of the while that the voice of the prima donna reaches them by radio before it is heard in the Diamond Horseshoe, or in the back row of the orchestra circle, for such is the speed of radio as compared with the speed of sound waves."

"I believe that radio has greater application to the farm and to farm life than to any other phase of our national life."—Gen. J. G. Harbord, president Radio Corporation of America.

THE Condon-Heppner football game here Saturday was witnessed by a commendable sized crowd. There was room in the stands for more fans, 'tis true, but there were enough there to show that the town had an interest in what was going on.

Lexington has got together a town football team which they believe is pretty good. They want to know if Heppner thinks she has anything better. It has been suggested that Thanksgiving or Armistice Day would be a good time to find out.

TOM MURRAY, convicted murderer, was given his sentence at Salem on Monday by Judge Kelly, the date for the hanging being set for Friday, December 18. Murray's attorney, W. R. King, gives notice that he will appeal to the supreme court, not asking for a new trial.

Mother and Daughter Set New Egg Record. A 300-egg hen that is the daughter of a 300-egg hen has just completed a record on the Oregon Agricultural College poultry farm.

PATTERSON ENTERS GOVERNOR'S RACE

First Republican Aspirant to Announce Favors Reduced Costs.

I. L. Patterson of Polk county is the first republican to signify his intention of running for governor in the May, 1926, primaries. For many years a farmer in the Willamette valley, Mr. Patterson believes himself well versed in the needs of the farming class, and is launching his campaign on an economy platform.

In announcing my candidacy for the nomination for Governor on the Republican ticket at the primary election in May, 1926, I desire to call attention to my business experience, including my activity as a practical farmer for many years.

If elected to the office of Governor, it is my intention to bring about a reduction in taxes. I desire that this statement be understood to mean precisely what it says. I make no gesture to give it enlarged or uncertain influence.

THE budget making power of the State or any subdivision of the State should be as far removed as possible from the spending power or body. I believe it is a right principle no matter how sincere, honest and intelligent the board or man clothed with dual authority may be.

Penitentiary. The State Penitentiary has for years been used as a political football for furthering the interests of politicians and political parties at the expense of the tax payers.

Mother and Daughter Set New Egg Record. A 300-egg hen that is the daughter of a 300-egg hen has just completed a record on the Oregon Agricultural College poultry farm.

Shipments of stock from the local yards to Portland on Sundays were 1 car of hogs by Dell Allstett and three cars of cattle by C. W. McNameer of Heppner and Chance Wilson of Monument.

We can then reduce the cost and hope in time to make it self supporting. Also, I favor abolishing the Parole Board and placing the paroling of prisoners under the Board of Control, thus reducing, by one, the already too numerous State Boards.

Law Enforcement. I believe in the impartial enforcement of all laws, and, if elected, will work to that end, and will appoint no man to enforce a law who is not known to observe that law.

There are many other matters of vital importance to the people of Oregon that I will discuss in a platform to be issued at a later date.

Mrs. R. H. Martin, mother, and Mrs. S. H. Heffler, sister, of Mrs. Chas. Glenn Smith, were week end visitors in Heppner at the home of Mr. and Mrs. Smith. They returned the first of the week to their home at Boise, Idaho.

JAMES J. CROSSLEY of Portland, Oregon hereby announces that he is a candidate for the Republican nomination for U. S. Senator at the May, 1926, Primaries.

Bank Credit and Bank Balances. THE average balance you carry in this bank has a great deal to do with the amount of credit extended to you. When one man wonders why he can't borrow as readily as his neighbor, granting all other factors equal, the reason is probably found in a steady, substantial average balance as against a small, fluctuating account.
