Council Should Promote Harmony

Next Tuesday night when the city marshal tolls the fire bell in measured notes, our city fathers will assemble at the magnificent city hall (?) to meet in solemn consideration of the curfew ordinance and some other vexatious problems up for debate. May peace be with them, and may they exercise some degree of judgment over important matters, that our city may continue to grow and prosper and not be hampered by the enactment of unreasonable laws.

First Base Ball Game Sunday

At Ione this Sunday, March 2, the first base ball game of the season will be played which will be between the married men vs single men. This promises to be a great attraction and will also be the first try-out for positions on the regular team. Many new men are showing up for the try-outs and they will be able to put on a good exhibition.

Odd Fellows Initiate Candidates

At Morgan last Thursday night the Morgan lodge of Odd Fellows initiated four new members into the mysteries of the first degree, the Ione lodge putting on the work. The new members were citizens of Cecil, and were: Mr. Thomas H. Lowe and son, T. W.; George Chandler and Frank Connor. Some fifty Odd Fellows were present and those from Ione were: Messrs. Ed Bristow; E. R. Lundell; Chas. Nord; Carl Troedson, Chas. Shaver; E. Colvin; B. Blackwell; Emil Swanson; Geo. Griffin; Geo. Ritchie; Ora Barlow; E. Morgan; C. Jonsson; Ralph Turner; Otto Rietmann and ye editor. After the degree work a very fine luncheon was served consisting of delightfully good cakes, sandwiches, pickles and coffee which were appreciated. Assembling again in the lodge room, short talks were made by several. Morgan Odd Fellows are a lively bunch and good entertainers, and their lodge is in a good financial condition. Their officers are:

N. G.—R. E. Harbison.

V. G.—Martin Bauernfiend.

Sec.—B. F. Morgan.

Treas.—J. A. Troedson.

Old Mule Skinner at Last Fooled

For over forty years Henry Felkins has handled mules and horses without a runaway, until one day last week while unhitching a 12 span of the mixture, they became frightened by running horses near the house, swinging around and breaking their chains off they scampered with Hank in pursuit. Wire fences were torn down and a general scatter took place for six miles. Finally being rounded up and damages repaired, Hank soon had his feet under the table where his troubles were centered on the beans and bully set before him.

Married at Heppner

Immediate relatives and a few close friends were present at St. Patrick's church in Heppner on Tuesday morning, Feb. 26th, when Miss Rose Doherty of Lexington, and Mr. Wm. T. Doherty of Ione, were united in marriage. Rev. Father Cantwell performing the ceremony. The groom is a well known farmer residing near Ione and the bride is a sister of Mrs. James G. Doherty, of near Lexington. They will reside on their farm north of Ione.

Leave your watch repairing at the McMurray pastime for Haylor the jeweler, Heppner.

Members of the Salvation army held street services here Monday afternoon and a collection taken.

Reduce Your Harvest Labor Costs and Solve Your Labor Problems

Big harvest crews, heavy labor expense, the worry of getting good men, the extra work for the women folks—no more of all that when you have a "Caterpillar" Combined Harvester. A small crew handles it (often just the owner and his sons). Operating expenses are light. Harvest is finished in the minimum of time, and the grain is put into the sack or bin at a lower cost than is possible with any other machine or method.

Caterpillar All-Steel Harvesters

Model 32 is the only machine that offers—to the grain grower who has only a limited acreage to cut—the advantages of a real combined harvester, backed by real Holt service. With a header cut of 12 feet, 20 inch cylinder and 31 inch separator, it has all the grain-saving and grain-cleaning qualities for which Holt Harvesters have always been noted. Con-

struction is all-steel. All bearings are genuine Hyatts. Lubrication by the Alemite pressure system—oiling only a few minutes' daily job. A 40-inch draper for 1924, and a bigger, better motor. Refinements throughout the entire machine.

If you want a bigger harvester, there's the Model 30, like the-model 32 in general design and performance, but cutting 18 feet. And there are wooden models in still larger sizes. Write for complete information.

Great Odd Fellows Convention

Last Saturday at Pendleton the annual convention of the Umatilla Morrow county Odd Fellows convened in that city with representatives from the 18 lodges of the district. The morning session called for 10 o'clock was devoted to speech making and election of officers. Past Grand Alexander of Pendleton, nominated F. M. Griffin as president for the ensuing year, which was made unanimous. C. B. Nuckle of Helix, was made vice-president; W. T. Reeves of Hermiston, sec.; and Joe Bailey of Pendleton, treas.

Mr. Griffin's selection was well deserved, and his Ione friends are well pleased. Ione was selected as the next meeting place for the convention which is to be held here on the last Saturday in February, 1925.

At six o'clock the delegates gathered at the K. K. K. hall where the convention was being held, and marched to the Odd Fellows building where a supper was served by the Rebekah's.

At 7:30 o'clock delegates again met at the hall to witness the Freewater and Pendleton teams put on the 1st degree, each having a candidate. The Pendleton team work beautiful and impressive, while the Freewater team did well, but short on members. It was a large gathering of Odd Fellows and everyone had a good time. Dancing was indulged in after the night session. Those present from Ione were Ed Bristow; E. Lundell; F. M. Griffin; C. Nord; E. Colvin; C. Troedson; E. Morgan; C. Shaver; Ora Barlow; Earl Brown; Otto, Victor and Walter Rietmann and Hassler.

HEPPNER :: ORE.

J. E. Swanson and John McDevitt were in Pendleton Wednesday on a wheat deal.

Mr. Haylor, leading jeweler of Heppner, was in Ione last Friday forenoon transacting business.

It's pretty tough luck when a man loses two gallons of choice moonshine, lays the theft upon innocent parties and then is compelled to apologize. Our bootlegger should plant his wares in a more secure place.
