Ione 8, Condon 3

Ione turned a trick which has been done but once before in four years by defeating Condon on their home lot, Sunday, and makes the count three out of five games in favor of Ione this year against Condon.

Roberts had revenge on Condon by holding them hitless thru the first eight innings and the only man to reach the bag was Clow who was hit by a pitched ball. But 26 men faced him in the first eight innings and the Ione boys had but one error against them until the 9th and were pounding the ball all over the lot. Clow was only able to strike out 4 men while Roberts sent 10 men back to the bench. Roberts also knock out a three bagger and scored Cochran first time up, and made two runs himself, and had the satisfaction of striking "Home Run Brown" out three times.

The only inning Condon showed up was the ninth, when Parish up went out 4-3; Ortman with two strikes against him hit down third base line for two bases, and error by Eubanks allowed Robt. Fitz to reach first. Brown singled, scoring Ortman, C. Fitz rolled out to Dutch and made his usual grab on the decision and during the argument Rob stole home for the second run; Wilkins hit to short, where another error allowed Brown to score. Wheir out 4-3 ended the game.

Ione started out to win in the first inning and kept up the winning spirit throughout the game, and Condon never had a chance to overcome them.

Veterans Should Not Write

The War Department writes that preparations are being made to handle all compensation claims. The letter sent out by Adjt. General Robert C. Davis says:

"The War Department, Navy Department, and the United States Veterans Bureau, have made extensive preparations to handle promptly all claims for adjusted compensation. This great work will require the undivided attention of every employee, and it will be impossible to answer individual inquiries concerning the matter. Such inquiries would not only be useless, but to answer them would delay action on the claims. Claimants will aid materially if they will fill up the blank forms of application to the best of their ability in accordance with their own knowledge or recollection of the facts, and refrain from writing to the War Department, Navy Department, or the United States Veterans' Bureau, concerning adjusted compensation."

Very truly yours,
Robert C. Davis,
Major General,
The Adjutant General.

FIGURE it out for yourself. A little money, now, to save the surface of your home and buildings, or a considerable sum of money for repairs and replacements—which?

Unpainted surfaces leave the field clear for rain, wind and sun to do their damage. Ramshackle houses and out-buildings, once so new and storm-tight, gaping corner boards, warped and rotting window frames,—all directly result from failure to paint. Either you have to go in for expensive repairs, or let the entire building investment go. How much better and cheaper it would be to keep the buildings painted!

The cost of even slight repairs on your home or buildings would practically pay for repainting them entirely. It is a good thing for every property owner to know, and heed, that a coat of paint stands between him and serious loss.

Paint now with good paint

Paint with Rasmussen Pure Paint. The cost will be trivial compared to the protection it will give against rot, rust, and general deterioration.

Look over your property—all of it, and do it now. Then come in and talk over your paint troubles with us. We have Rasmussen Paints and Varnishes in stock—and we recommend them.
