## School Board Lets Contract

At a meeting of the School Board of District No. One, Saturday, the contract for the construction of the new school house was awarded to the Anderson Construction Company of Portland.

The contract price is \$42,316. Work will begin as soon as material and equipment are on the ground, probably within a week or ten days.

The Anderson Construction Company is highly recommended by firms and corporations for whom buildings have been erected by these Contractors and the Directors feel assured of a first class job.

The contractors plan to use local labor as far as possible.

Mr. and Mrs. Chas. Erwin left Sunday afternoon for Ship-pards mineral springs, where Mrs. Erwin will remain and take treatments for rheumatism. She has been suffering for some time and is in hopes of receiving benefit from the Springs.

## Lawn Party at Louis Balsiger's

Members and friends of the Congregational Church to the number of 54 met Tuesday evening at the residence of Mr. Louis Balsiger, the occasion being a reception in honor of Mrs. Head, wife of the resident Congregational Pastor. Music, conversation and games, followed by light refreshments filled a very pleasant evening.

Mrs. Head returns to Cathlamet, Friday, June 27.

A copy of the new Washington State Road map has been received at this office. It is available for distribution to the general public and copies may be obtained from the District Forester, Portland, Oregon.

## Lexington Items

Fire on the Harry Duval place, about six miles north-east of Lexington, burned over half a section of land, about 70 acres of which was in wheat, the balance in pasture.

Last Saturday fire for a time threatened the destruction of Lane's slaughter house, one of the best equipped abattoirs in this section of the country.

## Championship Not Decided

We notice that the Gazette-Times of Heppner states that the issue of the Condon-Ione game was the championship of the league. This is an error. The record as between Condon and Ione is 3-3.

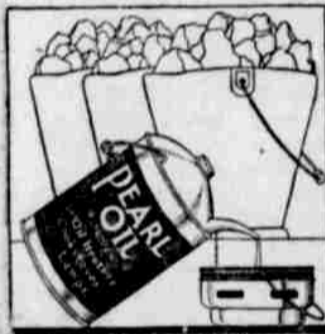

During the season Ione played the larger number of games and Condon scored the greater number of defeats.

The Ladies Aid of the Christian Church meets Wednesday afternoon.

Owing to the absence of the pastor last Sunday, the topics announced for the 22nd will be the subjects for the services of the 29th.

What might have been a serious accident occurred Sunday, when Glen Burroughs and Oliver Kincaid had a head-on collision while driving on the Market road.

They both seemed confused as to which way to turn. Mr. Kincaid was some what bruised and shaken up and his car was badly damaged.

FIGURE it out for yourself. A little money, now, to save the surface of your home and buildings, or a considerable sum of money for repairs and replacements—which?

Unpainted surfaces leave the field clear for rain, wind and sun to do their damage. Ramshackle houses and out-buildings, once so new and storm-tight, gaping corner boards, warped and rotting window frames,—all directly result from failure to paint. Either you have to go in for expensive repairs, or let the entire building investment go. How much better and cheaper it would be to keep the buildings painted!

The cost of even slight repairs on your home or buildings would practically pay for repainting them entirely. It is a good thing for every property owner to know, and heed, that a coat of paint stands between him and serious loss.

## Paint now with good paint

Paint with Rasmussen Pure Paint. The cost will be trivial compared to the protection it will give against rot, rust, and general deterioration.

Look over your property—all of it, and do it now. Then come in and talk over your paint troubles with us. We have Rasmussen Paints and Varnishes in stock—and we recommend them.
