## Game Wardens Face 78 Below on Alaska Trip

Anchorage, Alaska.—Frank Du-  
fresne, fur warden at Nome, and his  
trail assistant, Fay Delacene, a noted  
northern dog musher, encountered  
some of the coldest weather known  
in the territory during a trip last win-  
ter to the north of the Arctic circle.  
For ten days at one stretch the  
mercury registered from 62 to 78 de-  
grees below zero, according to Du-  
fresne.

"An interesting fact," said Dufresne,  
"is that when the thermometer regis-  
ters 60 degrees below or colder,  
animal life ceases to move and bur-  
rows into the snow, remaining there  
until the weather warms up."

**Deer Increasing**  
San Francisco.—California has a  
population of 300,000 to 400,000 deer,  
according to estimates of the Califor-  
nia fish and game commission and the  
United States forest service. In the  
national forest alone, chiefly in north-  
ern and central California, the deer  
are estimated to number 185,000. The  
deer are increasing despite the fact  
that hunters each year kill 20,000  
bucks and 1 mountain lions kill at least  
30,000.

**Amnesia Victim Recovers**  
Corning, N. Y.—Earl Davis, a vic-  
time of amnesia, has found his moth-  
er and his full name here after a five-  
year search that took him throughout  
the country. His mind was affected  
by an injury received in Detroit nine  
years ago. Despite four years of hos-  
pital treatment, he was unable to es-  
tablish his complete identity when he  
was dismissed.

**Keep Hen Contented**  
Farm land that has been over-  
worked can be fertilized and made  
productive again, but the poor old hen  
cannot be rejuvenated and made to  
produce the necessary number of eggs  
to make her a payer. She is sentenced  
to the boiling pot. This being true,  
why not give her the best there is  
while she is in active service? She is  
certainly entitled to all the attention  
and good treatment it is possible to  
bestow upon her. Make her lot a con-  
tented one.

## TWO POEMS

By DOUGLAS MALLOCH  
—SERVICE—

**THINK** more of love, and less of  
laws,  
Of what you do, and less of why;  
God is not good if done because  
To follow rules is all you try.  
I do not think that God above  
Obedience as much admires  
As deeds arising out of love  
That no divine reward desires.

Man needs no law but his own heart.  
A longing for the common good;  
To walk together, not apart,  
Is all there is of brotherhood.  
Man needs no precept to be blest,  
To serve his God no rule or plan;  
For he will serve his God the best,  
Who serves the best his fellow man.

**II—THE SCORE**  
The man whose daily task and toll  
Are counted but in gold,  
Who loves his business for the spoil,  
For profit what is sold,  
Is like the "fan" who loves the more  
The points that he can claim—  
The man who only keeps the score  
And never sees the game.

**Reflections of a Bachelor Girl**  
By HELEN ROWLAND

**IMITATORS** are the "trained seals"  
of literature.  
The Queen of Gamblers is a woman  
who has had two poor deals in the  
game of matrimony, and still calls for  
a third, with the luck running against  
her.

It takes a bride quite a while to  
learn the folly of being so cold, one  
moment, that she chokes all the en-  
thusiasm out of her husband, and so  
clinging the next that she chokes the  
life out of him.

Girls are human flowers—but a con-  
firmed bachelor often regards them as  
a beautiful species of poison ivy.  
A critical or disapproving attitude  
on either side of marriage is a spiri-  
tual divorce which never can be  
patched up.

What a man calls his "judgment" is  
composed of one part reason and nine-  
ty-nine parts digestion.  
Every man thinks that "woman's  
place is in the home," but that she is  
awfully lucky to have some man offer  
her one.

To "say it with flowers" at this  
proteffing season, a man must need  
awfully to get it out of his system.

## Has Anyone Laughed At You Because—

By ETHEL R. PEYSER

You use ink other than blue  
or black?  
These folks wish they had the  
independence probably to depart  
from the conventional color and use  
green or violet ink. It is a  
relief to you to use these inks.  
And they flow or seem to flow  
better in the fountain pen. It  
simply shows you less conven-  
tional, delighting in color and  
achieving it every chance you  
can get. You have feelings for  
color—some folks have not. You  
have to pay always when you de-  
part from convention. Here you  
must "put up" with laughter at  
your expense.

**SO**  
Your get-away here is:  
That your ink flows well; that  
you do your duty in correspond-  
ence. That your friends know  
at once from whom your envelope  
comes.

## MEN YOU MAY MARRY

By E. R. PEYSER

Has a man like thi. proposed  
to you?  
Symptoms: Looks like nothing  
at all—sort of drab, but he has  
a lovely voice; your sister-in-law  
says he's lovely with children,  
and his honeyed voice captures  
them and you. You can see how  
he makes a grade "A" salesman  
and how the selling textbooks  
meet their match in him. He  
often carries a book on sales-  
manship about him and tells you  
that you have the things that  
would make an ingratiating busi-  
ness woman.

**IN'FACT**  
He can even sell himself.  
Prescription to bride:  
Invest in anchors. He may  
want to sell your heir-  
looms. Have a buyer's manual  
about.

ing once.

## OIL MAGNATES ARE INDICTED

Unlawful Conspiracy in Leases Charged  
to Sinclair, Doheny and Fall.

Washington, D. C. — Four indict-  
ments charging Albert B. Fall, sec-  
retary of the interior; Harry F. Sin-  
clair, Edward L. Doheny and E. L.  
Doheny, Jr., with criminal action in  
connection with the leasing of naval  
oil reserves in Wyoming and Califor-  
nia, were returned Monday in the  
District of Columbia supreme court.  
A special grand jury which has  
given weeks to consideration of the  
evidence levelled formal charges of  
felony against the four men, whose  
names have held the spotlight in the  
prolonged senate oil investigation and  
the civil litigation which followed.  
Fall and the two Dohenys, the first  
indictment charged, entered into and  
maintained an unlawful conspiracy  
from July 1, 1921, to December 11,  
1922, to enable the Pan American  
Petroleum & Transport company and  
its subsidiary, the Pan-American Pe-  
troleum company, to obtain control of  
naval oil reservation No. 1 in Califor-  
nia.  
Similarly the second indictment  
said Fall and Sinclair conspired un-  
lawfully between December 31, 1921,  
and April 7, 1922, to give the Mam-  
moth Oil company, a Sinclair corpora-  
tion, control of the Teapot dome re-  
serve in Wyoming. The third indict-  
ment charged Fall singly with accept-  
ing a bribe of \$100,000 from the  
Dohenys, to influence his action in  
the California lease, and accompany-  
ing negotiations concerning storage  
and exchange of naval oil, while the  
fourth, reversing the same charge,  
held the Doheny up for prosecution.  
Much of the evidence and many of  
the implications dragged to light dur-  
ing the long senate inquiry into the  
naval reserve leasing were re-  
peated Monday in formal legal lan-  
guage in which the court present-  
ments of the grand jury were couch-  
ed. There was also indication that  
other accusatory matter had gone be-  
fore the grand jury, and the con-  
spiracy indictments also recited that  
"persons unknown" had consorted  
with the four principals in the activi-  
ties brought under ban.

Fall, in both the conspiracy charges,  
was accused of having sought to pre-  
vent the government from obtaining  
competitive bids for exploiting the  
naval reserves, and of having made  
false representations and statements  
to prevent the appearance of competi-  
tors against the Sinclair and Doheny  
companies. This resulted in great loss  
to the government, the two indict-  
ments said, and unjust profits to the  
successful lessors.  
As an overt act in furtherance of  
the conspiracy charged, the indictment  
said, Fall on July 8, 1921, sent to  
Doheny a letter declaring the interior  
department was now in control of the  
naval reserves to the exclusion of the  
navy department. The letter, which  
was never before made public, recited  
for Doheny's benefit a letter which  
the then secretary said he had just  
sent to President Harding.  
"There will be no possibility of any  
further conflict with navy officials and  
this department," Fall said to Doheny,  
"as I have notified Secretary Denby  
that I should conduct the matter of the  
naval leases under direction of the  
president, without calling any of his  
force in consultation. . . . He under-  
stands the situation and that I shall  
handle matters exactly as I think best  
and will not consult with any officials  
of any bureau in his department, but  
only with himself, and such consul-  
tation will be confined strictly and  
entirely to matters of general policy."

**Wheat Receipts Break Record.**  
Portland, Or.—The amount of wheat  
received at Portland during the cereal  
year 1923-24, ending June 30, broke  
all previous records. During the 12  
months 26,075 cars of wheat were re-  
ceived as against 17,150 for the pre-  
vious year. Cars of wheat received  
during the year, if placed end to end,  
would make a solid train 197 1/2 miles  
long, reaching from Portland almost  
to Pendleton. These cars contained ap-  
proximately 35,201,250 bushels of  
wheat.

For June, 1924, wheat receipts at  
Portland amounted to 1093 cars, nearly  
twice the number received in June  
last year, 514.

**No Americans Insulted.**  
Tokio.—The American association of  
Tokio and the American association  
of Kobe Monday sent the following  
joint cablegram to Secretary of State  
Hughes: "To correct misapprehen-  
sions which may exist in the United  
States, the American association of  
Tokio and Kobe state that as far as  
they are aware there has been no  
personal mistreatment of Americans  
by Japanese in connection with the  
passage of the immigration bill."

**Old Glory Is Cut Down.**

Tuesday cut down the American flag  
flying in the American embassy  
grounds.

Our son, three, was watching his

Falls, to his first lieutenant) — Now,

**Bee Flies Thirty Miles an Hour.**  
An experiment was once made to see  
how fast a bee can fly. The hive was  
attached to the roof of a train, which  
attained a speed of thirty miles an  
hour before the bee was left behind.

**Best to Face Danger.**  
It is better to meet danger than to  
wait for it. He that is on a lee shore,  
and foresees a hurricane, stands out  
to sea and encounters a storm to  
avoid a shipwreck.—Colton.

A MAN WHO BECAME FAMOUS

Doctor R. V. Pierce, whose picture  
appears above, was not only a success-  
ful physician but also a profound  
student of the medicinal qualities of  
Nature's remedies, roots and herbs, and  
by close observation of the methods  
used by the Indians, he discovered their  
great remedial qualities, especially for  
weakness of women, and after careful  
preparation succeeded in giving to  
the world a remedy which has been  
used by women with the best results  
for half a century. Dr. Pierce's Favorite  
Prescription is still in great demand,  
and many other so-called "cure-alls"  
have come and gone. The reason for  
phenomenal success is because of its  
absolute purity, and Dr. Pierce's high  
standing as an honored citizen of  
Buffalo is a guarantee of all that is  
claimed for the Favorite Prescription as  
a regulator for the ill peculiar to  
women.  
Send 10c for trial pkg. to Dr. Pierce's  
Invalids Hotel, Buffalo, N. Y.

**Spitz Dog Not Useless.**  
The Pomeranian sheep dog, better  
known as the Spitz dog, is bred in  
most countries as a house pet, small  
and useless. But in its own home on  
the shores of the Baltic this dog is  
the local sheep tender.

**Maoris Prize Blue Lips.**  
Among the Maoris, or natives of  
New Zealand, the women do not tattoo  
any part of their face except the lips,  
which thus become blue, for it is con-  
sidered a disgrace for a woman to  
have red lips.

**Immortal Songster.**  
Who is known as "The Father of  
English Song"? Caedmon, an Anglo-  
Saxon poet who flourished about the  
middle of the Seventh century, is  
known as the "Father of English  
Song."

**Without Precedent.**  
On being told the story of Cain and  
Abel a little girl of six said: "But if  
nobody had ever been dead yet how  
did he know he had killed him?"—  
Boston Evening Transcript.
