Postal Route Heroes

Uncle Sam has his heroes in peace time as well as in war. And the praises of these heroes are not sung in either prose or poetry. They are not broadcast throughout the land. There is no Congressional Medal of Honor bestowed on them; no decoration of any kind awaits them. There is not even so much as a citation for bravery and meritorious service performed in the line of duty.

But these faithful employees of Uncle Sam never complain. They are not seeking notoriety. They are being content to carry on their daily labors without thought of reward other than that which goes with the consciousness of duty fulfilled.

There is no class of employees of the government that faces more actual perils of life and limb and are subject to more vicissitudes of the elements in their daily routine than some of the men who carry the mails over some of the more difficult of the star routes.

On the Rocky Bar-Atlanta, Idaho route, the service is performed in the winter season by carriers travelling on snow shoes, packing 50 pounds of mail. Not infrequently, carriers on this route have been caught in snow-slides and swept to death. Only a year or two ago, a carrier lost his life in this way early in January and his body was not recovered until late the following June.

The routes from Ellison Bay to Detroit Harbor, Wisconsin, and from Sandusky, Ohio, to nearby islands must be operated over the ice in the winter and in the fall when the lake is frozen. During the spring thaw it is extremely difficult and hazardous to carry on the service. A number of carriers have lost their lives in endeavoring to transport the mails between these points.—P. O. Dept.

The Making of Radio Fans

The volume of radio business in 1921 was about \$5,000,000. The next year it was \$60,000,000. This figure was doubled in 1923. It is estimated that the radio business will amount to \$350,000,000 by the time this year's books are closed. Few industries have had so startling a history. The record is not merely a measure of the growth of interest, but also of the satisfaction provided by apparatus that has been largely experimental, so new is this branch of science.—Toledo Blade.

B. P. O. E. Convention

The B. P. O. Elks convention in Tillamook Aug. 14, 15 and 16 promises to be the largest ever held in Oregon since the announcement that by arrangement with the National Guard, through Captain J. E. Shearer of company K of Tillamook, all the equipment such as tents, blankets and cots, needed to provide for convenience of delegates will be available.

The entertainment will include four deep sea fishing trips a day with roasts under the supervision of local men who will act as life guards; two dances each night during the convention, one for the Elks, and one for the public; a big street parade with several bands; clam digging expeditions every morning to the clam flats near the old ship yards, a rodeo with two carloads of steers and horses; a carnival and a bathing beauty's contest.

One of the biggest features of the three day program will be the clam bake and salmon barbecue. All the food but coffee will be Tillamook products. The committee expects to feed 4000 persons over a period of several hours. This will be free for everyone whether Elks or not and will be held just east town in the fair grounds.

The clam bake and barbecue will be Saturday noon. Two 400 lb. cheeses have been secured which will be a year old when cut. The committee plans to make 400 gallons of coffee in a cheese factory vat, boiling the coffee with live steam as is done

Hoot Gibson at Pendleton

Pendleton, Ore.—Hoot Gibson, the Pendleton Round-Up's first all-round cowboy champion by virtue of his skill in the events at the first show of 1912, has returned to Pendleton and thru arrangement with the Round-Up will film a motion picture play, using the show as a locale, during the three days exhibition, September 18, 19 and 20.

Gibson, who is a Universal star, brings with him to Pendleton 40 members of his company, and Gibson and supporting cast are to appear in Round-Up events. While the picture will star Gibson it will be distinctly a Round-Up picture and will be released as such. The picture company will remain in Pendleton until after the Round Up.

Gibson and his company will appear in the various Round-Up events and Hoot will demonstrate his prowess on the track and in the arena. Because he is a former Pendleton cowboy, Hoot is no stranger in the Round-Up city and his welcome was an enthusiastic one, local people deeming it particularly appropriate that the first Round Up motion picture play should have for its star the winner of the first cowboy championship at the Pendleton show.

We still have a few Lang Ranges in stock. Engelman Hardware Co.

on ocean vessels, 30,000 Tillamook bay clams have been contracted for, 1000 pounds of dressed salmon and 9000 buns.

Forest Fire Report Figures

Smokers were responsible for one hundred and seventy four forest fires, and campers for one hundred and nineteen forest fires, on the National Forests of Oregon and Washington, according to reports for the current fire season up to July 31, just compiled in the office of the District Forester, Portland, Oregon.

Next in the list come brush-burning and lumbering, with a total of eighty six fires; railroads twenty five fires; and incendiary twenty three fires, a total of seven hundred and sixty fires are

covered by the reports. Sixty-two per cent of these are man cause, the remainder being due to lightning.—Forest Service.

Mrs. Alfred Knotts, telephone operator of Pilot Rock is in town visiting her aunt, Mrs. Perry Hopkins.

Your Kitchen

Is not complete without a LANG Hot Blast Range. Constructed to cut fuel costs. Thick solid top—two lids only—heat and flames forced entirely around oven, utilizing every heat unit. Made of Armco polished iron. Equipped with hot water coils.

The LANG Pacific Range is becoming the most popular range in the West. Its simplicity and economy of operation, together with its appearance are reasons for its increasing popularity.
