Too Late.
After a man gets into a hole it's surprising how many people could have told him what path he might have taken in order to avoid it.

Behold All Thieves.
In Yunnan, a country which lies east of Burma, the punishment for theft, even of a trivial character, is death by beheading.

Fumes Poison Hand.
The American Chemical society reports a case of paralysis of the hand caused by the poisonous fumes from a small gas heater.

Schools in Logging District Are in Motion
Eugene, Ore.—Miss Althen Stone-
man, a summer student at the Univer-
sity of Oregon here, is a school nurse.
The schoolhouses in her district are in
motion from logging camp to logging
camp in the pine forests about Bend,
in central Oregon.
When the timber in the radius of a
camp is cut and the fathers of the
children go on to a new site, the
schoolhouses are hoisted on flat cars

Employment a Necessity.
The wise prove, and the foolish con-
fess by their conduct, that a life of
employment is the only life worth
leading.—Paley.

Stray Bit of Wisdom.
The heart of a young girl in love is
a golden sanctuary which often en-
shrines an idol of clay.—Pauline
Limayrac.

Likes Antique Furniture.
Queen Mary delights in antique fur-
niture and is said to be quite an ex-
pert when it comes to judging and
valuing it.

STATE NEWS IN BRIEF.

Hood River.—The season's largest apple was brought to town Saturday by George T. Prather, pioneer grower. It weighed 24 ounces and measured 16 inches in circumference.

Hillsboro.—Forest Grove is again active in a movement for a union high school with Dilley, Forest Grove and Cornelius the petitioning districts. Sentiment in Cornelius is divided.

Hood River.—Albert B. Ridgway, for the past ten years secretary of the Oregon Bar association, Saturday was elected president of that body, succeeding Judge Fred W. Wilson of The Dalles.

Ashland.—Mount Ashland, near this city and from whose melting snow Ashland receives its city water supply, Saturday morning was covered with the first snow of the year, about three inches, according to estimates.

Burns.—Citizens of Burns and Harney county are putting their efforts forth in the way of a subscription fund which will go to a monument to be placed at the last resting place of W. A. Goodman, slain sheriff of Harney county.

Albany.—Low water mark for the last 30 years was established by the Willamette river here last week, according to F. M. French, local weather recorder. The river now lacks but 4 of a foot of reaching the low water mark established in 1851.

Cottage Grove.—Strawberries as large as crabapples are being taken from vines at the J. E. Banton place on the Coast fork road. There were 21 in a pint box brought to the city and the box was overflowing. They were the everbearing variety.

Albany.—Agitation against the feared invasion of Linn county by the Donkshobers has been started by the local American Legion post as it is understood here that representatives of the order are negotiating for a block of 1000 acres of land in the county.

Salem.—Hood River school district No. 3 has filed with the state engineer application for appropriation of water for irrigation of nine acres, domestic supply, swimming tank, baths and general school uses. Cost of the proposed development was estimated at \$1000.

Salem.—A new route to Newport, surveys for which are to be completed this fall, will shorten the distance between Salem and that city approximately 32 miles. The total distance to Newport by the new route will be 65 miles, as against the present 100-mile route.

Salem.—Motor vehicle owners apparently feel that the existing tax of 3 cents a gallon on gasoline sold in Oregon is sufficient, and plans are now being made to wage a determined fight in the legislature against the additional 1-cent tax advocated by Governor Pierce.

Roseburg.—Edward Noah, a local blacksmith, was badly burned about the face and arms Sunday morning when he tried to start a fire with gasoline. He was building a fire in the stove at his shop and the explosion seared his face and hands and burned him severely.

Salem.—It will require approximately \$44,845 to conduct the Oregon Social Hygiene society during the next biennium, according to estimates filed in the offices of the state budget commission here. Expenses for the present biennium were \$25,197, of which amount \$25,000 was appropriated by the legislature.

Klamath Falls.—Klamath Falls experienced the first hint of winter Friday night when the thermometer dropped to 22 degrees above zero. A temperature of 20 degrees was recorded at Fort Klamath, 40 miles north of here, and heavy frosts at night with clear, bright days are general over Klamath county.

Cascade Locks.—Miss Mildred Hazard, 19, of Stevenson, Wash., recently swam the Columbia river just above the rapids near Cascade Locks, where the current is very swift. The river at this time is about one-half mile wide. She started from the Oregon shore. She swam the entire distance in 33 minutes.

Hillsboro.—Plans are now being made for the second annual corn and potato show, and County Agent McWhorter has announced his prize list. The object of the show is to bring the best of local seed to the attention of the public. Competition is open to all residents of Washington county and no entrance fee is to be charged.

With 2,570,884 feet of lumber on board loaded at Portland and other points on the river the Japanese steamer Fukuyo Maru departed for Melbourne, Australia, Saturday afternoon. The departure of the Fukuyo Maru will be followed by numerous other lumber steamers booked to take cargoes from here to all parts of the world during the next few months.

WORLD FLIERS REACH HOME

Parents Welcome Aviators at San Diego—Seattle is Goal.

San Diego, Cal.—America's round-the-world fliers returned Monday to Rockwell field, San Diego, from which they took off last March to start on their globe-encircling trip. As if to give good measure to an achievement already heralded far and wide, the fliers got in ahead of the announced schedule, disappointing part of a large crowd which was assembling to meet and cheer them, but there was enough of a crowd on hand to make the welcome a real one, and the aviators made it plain that they appreciated the reception.

The announced plan is for the fliers to continue as far north as Seattle. The end of the flight as far as San Diego is concerned came at 19:34:45 A. M., when Lieutenant Lowell H. Smith, commander of the squadron, dropped the wheels of his air cruiser on the ground of historic Rockwell field, where the army turned out many fliers for service in the world war and where there still remains a great establishment for the training of American army aviators.

Lieutenant Eric Nelson, wingmate of Smith on the entire world voyage, brought his ship to the field at 19:34:51, followed by Lieutenant Leigh Wade at 19:35 o'clock.

Above the crash of the band, the cheers of the spectators and even the roar of the propellers as Lieutenant Smith taxied his ship up to the dead line, came a cry from the lips of Mrs. Jasper Smith, mother of the world flight commander. It was: "I want my boy."

From his seat in the forward cockpit, Smith, his grime-smearred face eagerly scanning the crowds for the sight of those whom he loved best, saw his mother and father wildly waving tiny American flags to attract his attention.

Major Shepler W. Fitzgerald, commander of Rockwell field, sprang onto the lower wing section, reached through the strut wires and shook Smith's hand.

"Let me get down, major," said Smith, "I want to get to my mother." Jumping from the plane, Smith rushed into his mother's arms.

"My boy, my wonderful boy," she whispered as she kissed the flight commander time and again. Smith's father, reaching the only spot on the army aviator's face that was not being smothered with kisses by his wife, reached his arm around both and planted a resounding smack on his boy's right ear. It was more than Lieutenant Smith could stand and not give vent to his feelings. The man, noted throughout the American air service for his steel nerve, his stoical demeanor in the face of the greatest danger, wept softly.

Another mother, too, wept for joy at the home-coming of the globe airman. She was Mrs. Harding, mother of Lieutenant Harding, relief pilot of Lieutenant Nelson.

"God bless you," said Mrs. Harding as she flung her arms around her boy's neck and kissed him. "God has brought you back safely to me."

Two Masked Men Rob Inn.
Eureka, Cal.—The Eureka inn was held up and robbed Sunday morning about 2:30 o'clock by two masked bandits who escaped with \$192 in currency from the hotel safe.

Entering the hotel the men separated, one holding up the night clerk, Ostar Rogers, and the other giving his attention to the porter. The clerk was forced to open the safe at the point of a gun. The robbers then marched the clerk and porter five blocks from the hotel before allowing them to go. It is thought that the bandits escaped in an automobile.

Officer Slays Mad Dog.
Roseburg, Or.—A mad dog caused excitement at the railroad station Monday, the animal charging the flagman and anyone who ventured upon the platform. The dog, growling and frothing at the mouth, rushed first at the crossing flagman, who sought refuge. The animal then paced up and down the platform threatening anyone who approached. Chief of Police Ketch shot the dog before anyone was bitten.

Huge Fortunes Joined.
Pontoise, France.—The Duchesse De Marchena, the richest woman in Spain, and Sir Basil Zaharoff, an international banker, reputed to be the wealthiest man in Europe, were married Monday in the private chapel of the bride's chateau, Balin court, near Paris.

Guards Kill Lifer.
Chester, Ill.—George W. O'Malley of St. Louis, serving a life sentence for murder, was shot and killed and John Weger, another long term convict, was dangerously wounded when guards of the state prison here frustrated a delivery of six inmates.

MacMillan at Sydney.

Sydney, N. S.—The schooner Bow-doin, with the explorer, Captain Donald B. MacMillan, and seven companions aboard, arrived in this port safely Monday night on her way back to the United States after 15 months in the Arctic.

The vessel had been reported to have encountered a severe storm off this coast.

See Light Far at Sea.
Rio de Janeiro is famed through South America for the abundance of brilliant illumination it has at night, and sailors report the glow from the lights may be seen as far as 100 miles out at sea.

Dress of Jap Women.
The dress of Japanese women is regulated by their age and condition. One can tell at a glance, if one knows the rules, whether any woman is married or single, and how old she is.

World's Smallest Motor.
A motor of French manufacture for attachment to an ordinary bicycle, is said to be the smallest motor in practical use. The cylinder has a stroke of only 2.2 inches and a bore of 2 inches.

Take Up Agriculture.
More than 14,000 disabled World war veterans are taking courses in agriculture under the direction of the United States veterans' bureau.

Indians Use Finger Print.
Indian chiefs in their dealings with the United States government now use the finger and thumb print instead of their witnessed mark. This applies only to those Indians who cannot read or write.

Oil Destroyed Birds.
Thousands of game birds were needlessly destroyed every season at Las Vegas, Nev., by oil discharged on waters frequented by the birds, but a railway has remedied this condition.

Real Secret of Success.
The secret of success lies in knowing how to make use not of what we have chosen, but of what is forced upon us.—Rev. J. L. Spaulding.

On the Quiet.
Dear Old Lady—"In my day children were seen and not heard." Infant Flapper—"Well, I guess you got in a lot of dirty work on the quiet!"—Yale Record.

Stubbornness.
"Hit ain' no cinch t' staht a balky mawt," said Charcoal Eph, in a rambling mood, "but dat ain' nothin' 'tall, sah, t' changin' de mind of a woman who done got herse'f sot."—Richmond Times-Dispatch.

Plans Weather Service.
The Republic of Columbia is organizing a national weather service with headquarters at the observatory of Bogota.

Pupils Use Mirrors.
The use of mirrors in schools in London has been recommended to promote self-pride and cleanliness.

WRIGLEYS DOUBLEMINT
WHITENS TEETH,清新 breath and it's the goodly that looks like

Seeks Economical Stove.
The German government is conducting a test of various kinds of stoves and will standardize the most economical with a view to fuel conservation.

If You Have A Cough Take this Advice

Salem, Ore.—"Some years ago I was a farmer in Kansas. Thru exposure, serving as a soldier during the Civil War my health had become impaired. I was bothered with a chronic cough and catarrhal condition; I felt like an old man, although I was only forty. I heard of Dr. Pierce's Golden Medical Discovery. It helped me so much that I continued taking it (I think about six bottles in all) and felt new pure blood coursing thru my body. The 'Golden Medical Discovery' drove out the catarrh and also the cause of my cough. There are some things we can forget, but when a person has received as much help as I did, it is impossible to forget it. I feel younger and more vigorous at 78 than I did at 40."—L. D. Porter, 451 South 15th St.
As soon as you commence to take this "Discovery" you begin to feel its bracing, appetizing effect. Buy it of your druggist, in tablets or liquid. Write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., if you desire free medical advice.

Feminine Mystery 9999.
Another of the feminine mysteries is the way a girl can edge over nearer to the person she's talking to on the sofa without the slightest perceptible motion.—Ohio State Journal.

A Guide Book?
"If you were on a desert island what book would you prefer to read?" queries a paragrapher. We'd say the book that would help us quickest to get off.—Lewiston Evening Journal.

Money for Art.
New York city appropriates about \$200,000 annually to the Metropolitan Museum of Art.
