 NATIONAL CANDIDATES

**Keep Coolidge and Elect Dawes**

 —Their Records Recommend Them

**"I Am For Economy. After That I Am For More Economy."—Coolidge.**

He proved his faith by his works. This administration has saved the people \$6,000,000 daily in taxes as compared with 1921. It has lopped off 95,456 employes from the federal payrolls.

Dawes, the budgeteer, put the country on a business basis by cutting out the deadwood in governmental affairs. Deficits in former years have been turned into surplusses. The national debt has been reduced \$2,750,000,000 in three years.

**FOREIGN POLICY SPELLS PEACE ABROAD AND PROSPERITY AT HOME**

The Dawes plan has made possible rehabilitation of Europe, which means better markets and better prices for America's farm crops. Limitation of armaments is an administration policy and makes for peace as well as reduced costs of government.

The Republican tariff, linked with restrictive immigration, has brought prosperity to the man who toils. Wages were never so high, they would never buy so much as today.

**COOLIDGE POLICIES HAVE RE-ESTABLISHED PROSPERITY—CONTINUE THEM**

When this administration took office, it faced all the problems of reconstruction. Deplorable conditions existed. The people were suffering from a tremendous deflation. Interest was high and capital scarce. There was general acute financial distress. Our citizens were compelled to sell their government bonds around 85 that they had bought in wartime at par.

A complete change has been accomplished. Never before in peace time has there been such constructive accomplishments as since March, 1921. Prosperity for all the people has replaced general distress. Industrially, the country was never on firmer ground. Agriculture, in dire plight when the Republican party came into power faces a brightening future. Our depreciated government bonds have all risen above par and one is selling at better than 106.
