Ione-Hardman High Play Close Game

Clean Playing Is Outstanding Feature

The game between the high school basketball teams of Hardman and Ione, played last Saturday afternoon proved to be of more than usual interest. The teams were quite evenly matched and the outcome was not decided until the last few seconds of the game. The score was 12 to 13 in Ione's favor.

The Hardman team not only played in good snappy form but displayed a fine spirit of clean sportsman ship.

The High School teams went to Arlington on Friday night and succeeded in winning both games rather easily. The score of the boys game was 31 to 18. We are unable to learn the girls score, but understand that they won by a good margin.

Both teams go to Condon tonight and have high hopes of bringing home the bacon making it three straight wins.

Morrow County stands in rank 23 among the counties of Oregon in the sale of Red Cross Seals in 1924 with a total of 2.3 seals per capital of the population. Deshutes has ranked first with a total of 9.4 seals per capital.

NO LOANS FOR SEED WHEAT

Cannot Be Obtained From The Federal Land Bank

D. N. Mackay, secretary of the Condon National Farm Loan association has just received a letter from George C. Jewett, secretary of the Spokane Land Bank, in which he says:

"There is no provision whereby the Federal Land Banks can furnish seed wheat, and there has been no provision of this character. Along in 1918 we acted as agent for the Government in distributing about \$2,000,000 that was allotted to the northwest in connection with seed wheat purposes, but that is the only connection we have ever had with the subject.—Condon Globe Times.

Nursery Wheat Not Injured

Reports from Pendleton state that no damage to wheat was done in county grain nursery. County Agent Fred Bennion says it will be necessary to wait a while before an intelligent opinion be formed as to the amount of possible injury to wheat generally. His present opinion is that the damage will not be serious.

Senator H. J. Taylor of Umatilla county reports that his wheat was not injured by the cold weather. All the wheat on Taylor's is Hybrid 128.—Condon Globe Times.

H. W. Collins has purchased the Scott, McMellan warehouse at Lexington and will take possession in the near future.

Meeting Of Grain Men Largely Attended

Opinion As To Condition Divided

The meeting of farmers and others interested in the growing and handling of grain, held at Lexington last Monday evening, was quite well attended, about 200 being present.

Opinion was divided as to the amount of frost damage to wheat.

Mr. Stevens of the Government Experiment Station at Moro, reviewed the situation in the sections under his observation and was inclined to a hopeful view.

After general interchange of information and opinion it seeming best to prepare for the contingency of reseeding. A committee of five was appointed to draft resolutions summing up the situation for submission to the State Legislature. The committee consisted of the following named gentleman, viz:

Benge, Cutsforth, Turner, Carlson and Ed. Rietmann.

The meeting authorized the appointment by the County Agent, of a committee of three to look out for seed wheat and take up the matter of special rates on seed wheat with the railroad companies.

The meeting adjourned without day.

Mr. E. L. Palberg is reported to be improving.

Mr. H. C. Wood and wife, motored to Portland Sunday returning Tuesday evening.

Mr. L. P. Davidson was in attendance on the convention of County Judges and Commissioners in Portland last week, returning Saturday afternoon.

Prescription Service

We keep a fire department constantly in readiness to cope with any blaze. The fire hose and other equipment deteriorate and must be replaced from time to time, regardless of cost. We have to pay for all this and keep it in good order whether there are any fires or not.

The druggist and the drug store stand in much the same relation to the community. You do not often need a prescription filled, but when you do it is vital to you to have it filled both promptly and efficiently. But if you give the druggist only the prescription business, he cannot prosper. He cannot keep his store and his stock fresh and up to date. If you expect him to be ready with his skill and with fresh and pure drugs when you need him then you must co-operate with him by buying other things besides medicine at the drug store.
