

HIGH SCHOOL NEWS-

Elva Balsiger taught the third and fourth grades during the absence of Miss Mortimore who went to Spokane with her father and mother, M. Mrs. Mortimore to purchase the costumes for the cast of "Pandora," an operetta to be given by the fifth and sixth grades sometime in the near future.

Anna Peterson was absent from school several days last week on account of illness.

A party was given by the sophomore class to the entire high school, last year's alumni, and faculty last Friday evening. Games were played until ten o'clock when each class and the faculty with the last year's alumni were asked to give a stunt. The freshman gave a demonstration how to play leap frog.

The juniors gave a mock wedding, Mary Fletcher, dressed as a little girl in white, led the procession carry the ring (a doughnut) on a large white pillow. Close behind came the bride, Florence Shippey, dressed in a long white dress, and wear a veil with a long train carried by the flower girl, Elva Balsiger; Lucile Bristow was the bridesmaid. They were met on the stage by the bridegroom, Floyd Grabill, the best man, Marvel Akers, and the preacher Huston Bryson. After they had accepted each other, Huston pronounced them "Ham and Eggs" and asked that their children would all forever be nardboiled. He then placed his hand upon the bridegroom's brow and said "may aliah bless this dome where there is no one at home." The happy bride was then showered with kisses (candy).

The seniors announced that they were sorry but on account of such short notice they were unable to give a stunt.

The faculty and last year's alumni gave a pantomime burlesque of Mr. and Mrs. Greene Prune and family from Hickville attending a modern movie in the city.

The faculty and last year's alumni won first prize which consisted of rubber balloons with a stick of licorice on each balloon, and the senior class received the booby prize which consisted of onions.

Refreshments consisting of ice cream and wafers were served immediately after the prizes had been given out.

Over \$14,000,000 Use Electricity

At least two and a quarter million new electric lighting customers were added to the role during 1924, according to estimates of the electric light and power industry. In 1923, there was an increase of two million, making the total for the nation more than 14 million.—The Open Door.

1923 religious statistics for the U. S. show 48,224,014 church members.

The Baptists number, 8,189,448, Disciples 1,383,243, Congregational 857,846, Adventist 140,200, Roman Catholics 18,260,793.

Take note of the special bargain announced in the Farmers Elevator Adv.

MRS. PIERCE DIES

valley, where she and her husband lived until he was elected governor in November, 1922, since which time she has been a resident of Salem, Oregon.

She was a devoted mother, giving her whole soul and energy to the rearing of her children, caring little for society. She was always an extremely strong woman until her first operation in October, 1919, since which time she has suffered much. Since February 1st 1924, she has had the attention of a private nurse, demanding constant care. All through her suffering and affliction she has been kind, hopeful, cheerful and helpful, to the very last.

She was a member of the Methodist church, becoming converted at Walla Walla in 1888. Her circle of friends was not large, but those who knew her best prized her friendship very highly. During the sessions when her husband, Walter M. Pierce, was state senator, she always came with him from eastern Oregon and was one of the well known ladies of the state senate. She was present the night her husband was inaugurated as governor, but was never able to enter the state house afterward.

CECIL NEWS ITEMS

James Hardesty and son hauled straw for Noah Pettyjohn last Tuesday.

Evelyn El Louise Mortimore will present fifth and sixth grades of the Ione Public school in the Greek operetta "Pandora" at the school Auditorium soon.

Perhaps no other stories have ever been told so often or listened to with so much pleasure as the classic tales of ancient Greece.

The story of Pandora has ever been a pleasure to old and young alike. This story has been arranged from Hawthorne's story, "The Paradise of Children". The music is especially attractive and the effort the children are putting forth predicts a grand success in the rendition of the operetta. The solo parts are well taken by our young artists.

601,317 Miles —and Not One Cent for Repairs

The real value of the 1925 Star is proven by the service it gives its owners in every day use.

Here's a case in point: Twenty-four Star owners report that they drove an aggregate of 601,317 miles without one cent cost for repairs.

Sounds unusual—yet, based on the reports of 40,000 Star owners on the Pacific Coast, the average cost of replacement parts averages 63c per car. That's what Star gives you in low upkeep cost.

And it does prove the truth of our statement that no car in the low cost field equals the 1925 Star for day in and day out mechanical performance.

And with all that, you drive the best looking light car designed.

Your dealer has the late models, all with the Million Dollar Motor, with its quick and abundant power—quick acceleration (5 to 25 miles per hour in 4 1/2 seconds)—20% power increase. See the 1925 Star!

The MILLION DOLLAR MOTOR

Cut Machinery Cost In Half

The man who leaves his machines in the fields is paying, by depreciation, for an implement shed, but not getting the shed.

You can cut your machinery cost in half by prolonging its life and usefulness. You can double the life of an implement by putting it under cover as soon as you are through using it.

The cost of an implement shed to protect \$2,000.00 worth of machinery is only a fraction of that sum.

We have many excellent implement shed plans to show you, and we have the right material to build just the kind and size building you require. Do not make the mistake of building before you examine our up-to-date implement shed plans. We will be glad to have you call and examine them, whether you are building now or later.
