VOLUME XIV

IONE, OREGON, FRIDAY, JUNE 19, 1925

NUMBER 2

## LOCAL NEWS NOTES

Mr and Mrs J.P. Downing and family of Hood River spent the week end at the home of M. R. Morgan and family.

Mr. and Mrs. Downing lived near Ione for a number of years.

But are now in the fruit industry and have a fine home in the Hood River valley.

While here they enjoyed visiting old friends and acquaintances and seeing the grain fields of our county.

Jason Biddle and wife returned from Hood river Monday.

Charles Anderson was elected president and Earl Carlson was elected director of the farmers elevator Company.

Repairs on the elevator were ordered and work will begin next week.

### ATTENTION FARMERS

If you want to hire your grain combined quick see Troy Bogard Ione, Oregon.

It is reported that Mrs. R. M. Akers is improving. She expects to go to California about the first of September.

Just as we go to press, Mr. E. S. Ackerman of St. Louis arrived on the train from Portland. Mr. Ackerman now makes his home in St. Louis Mo. He arrived in Portland, over the C. P. R. and after two days in that city came on to Ione.

### LODGE APPRECIATES HELP

The following resolutions were adopted by Ione Lodge No. 135 I. O. O. F., at the last meeting:

Where as the Council and certain citizens of Ione have substantial aid in the work of improving the road to the I. O. O. F. cemetery, therefore be it resolved that Ione Lodge I. O. O. F. hereby express its appreciation of the aid so rendered and by it further resolved that a copy of these resolutions be spread upon the records of lodge, that a copy be mailed to the town recorder and a copy supplied to the Ione Independent for publication.  
Bergen Leadbetter N. G.  
E. J. Bristow, Secretary Pro ten.

### Porcupines Annoy Railroad

The government's Alaska railroad has to fight porcupines. Rubber in any form is to the porcupine what waste paper and rubbish are to the American goat, popular for lurching purposes, and the railroad officials have ordered rubber hose in pumping stations and all rubber fixtures to be hung on high poles.

### Chinese Superstition

According to the superstitious belief of Chinese junkmen long lines of evil spirits follow close in the wake of the junks. If a junkman can cut across close under the bow of a large river boat he can by this means cut away, at least for a time, the pursuing line of evil spirits.

### War Nurses' Uniform New

There was no nurse corps as early as the Civil war. There were some women who volunteered to nurse the soldiers who wore no uniform. The army nurse corps was established in 1901 and, although the nurses have worn all white, there was no uniform until the World war.

## FARMERS MEETING

On Saturday, June 27, there will be a farmers meeting at the wheat nursery on the market road northeast of Lexington. The many varieties of small grains being grown there will be inspected and their differences explained. The meeting will start at 2:00 p.m. and all farmers of the county are invited to attend.

The annual trip of Morrow county farmers to the experiment station at Moro will be held Sunday June 28; those making the trip will leave early in the morning, arriving at Moro in time for dinner and after spending the afternoon at the station, will return home that evening.

### Just a Little Question

## Money is Plentiful

BUT IT IS HARD TO KEEP WITHOUT A BANK ACCOUNT

NO MATTER how plentiful money may be you cannot keep it if you fritter it away. And carrying money around in your pocket affords an ideal opportunity for frittering.

MAKE MONEY PLENTIFUL FOR YOURSELF—DEPOSIT IT IN THIS BANK INSTEAD OF FRITTERING IT AWAY.

## MCCORMICK-DEERING HARVESTER-THRESHERS

Specially Built for Hillside Harvesting!

"ONCE OVER AND IT'S ALL OVER" yearly becomes the harvest slogan of a rapidly increasing number of practical, deep-thinking grain growers—men who know that low production cost is the surest guarantee of grain profits. These men are buying MCCORMICK-DEERING HILLSIDE HARVESTER-THRESHERS! First, because the McCormick-Deering is a proved success, both at home and abroad. Second, because they realize the value of dependable, close-at-hand Harvester Company service.

The MCCORMICK-DEERING Hillside Harvester-Thresher is a remarkable machine. Built for 12-ft. cut, this combination harvester and thresher cuts the grain, threshes it thoroughly, separates it from straw and chaff, and delivers it into wagon box or sacks. Straw is scattered at the rear as fertilizer for future crops.

### Grain Is Delivered Direct From Sickle to Thresher

eliminating use of twine, hauling of shocks, and losses due to handling. "Once over" harvesting saves time and labor, and puts the grain in shape for immediate marketing when prices make this advisable. Grain cut and threshed with the McCormick-Deering is in every way equal to in quality or better than that cut and threshed with separate machines!

### Plan Now for Harvest Time!

We suggest that you consider investment in one of these thoroughly modern and practical machines this year. Fully illustrated literature will be sent on request. Call on the McCormick-Deering dealer and learn more about this machine.
