The Little Red Ribbon

JAMES WHITCOMB RILEY

The little red ribbon, the ring and the rose!
The summertime comes and the summertime goes—
And never a blossom in all of the land
As white as the gleam of her beckoning hand!

THE long winter months, and the glare of the snows;
The little red ribbon, the ring and the rose!
And never a glimmer of sun in the skies
As bright as the light of her glorious eyes!

DREAMS only are true; but they fade and are gone,
For her face is not here when I waken at dawn;
The little red ribbon, the ring and the rose
Mine only; hers only the dream & repose.

I am weary of waiting, and weary of tears,
And my heart wearies, too, all these desolate years,
Moaning over the one only song that it knows:
The little red ribbon, the ring and the rose!

Ice cream will be served at the Congregational Church parlors, Thursday afternoon, July 23, beginning at 4:00 p. m.

Charlie Christopherson sustained a fire loss Friday of about \$1,000.00 when 1800 sacks, twine drapers and blacksmith tools were burned at noon. Mr. Christopherson was not at home at the time the fire occurred and at the time of going to press was not informed as to the origin of the fire. There was no insurance.

Bert Mason who has been in Portland in attendance on the Elks Convention returned to Ione Thursday. Mr. Mason reports a great assemblage of Bills and enthusiasm at high tide.

A 20 car trainload of sheep, valued at \$45,000, and consigned to Chicago, passed down the Heppner branch R. R. Friday morning.

Anyone wishing information about the "Women of the Ku Klux Klan" write to box 127 Ione, Ore.

The first carload of 1925 wheat to go out on the Heppner Branch was shipped to Portland, Thursday, the 16th inst., by the Independent Warehouse Co. from the Ione warehouse.

The first carload of the season came from the ranch of Dwight Misner who has shipped the first carload of the season for six consecutive years.

NOTICE TO WATER USERS

Any one sprinkling without a permit issued for that purpose, or sprinkling other than the time set by ordinance, are violating the law, and are not only subject to a fine, but their water will be shut off without notice.

City Recorder

This evolution rumpus has helped keep alive four erroneous notions. Let's straighten them out now.

Evolutionists do not hold that man descended from apes. They hold that men and apes descended from the same ancestors.

Darwin did not originate the theory of evolution. Ancient Greeks held similar theories. The Darwinian theory, strictly speaking, is that evolution is brought about by the survival of the fittest.

Darwin's theory is not universally accepted by science. It has been and is being constantly modified by new discoveries.

Lastly, evolution is taught as a truth only where the teacher is ignorant or overly enthusiastic. It is merely a theory. It cannot be scientifically proven. But circumstantial evidence lead scientists to believe it to be true.

It's Management that Counts

By using good judgment you will readily make a saving on your winters supply of fuel.

Now is the time to order your winter supply of slabwood F.O.B. Ione at the very reasonable price of \$5.50 per cord cash. Remember and leave your orders with the Farmers Elevator Co.

Santa Catalina
The Island of Santa Catalina, lying off the coast of southern California, is 50 miles south of Los Angeles. It was discovered in 1542 by Juan Rodriguez Cabrillo, a Portuguese explorer, in the service of Spain and named San Salvador. It was visited by Sebastian Vizcaino 60 years later and named Santa Catalina, in honor of St. Catherine of Sienna. Its area is about 55,000 acres. The surface is hilly and well wooded. The island contains many deep gorges.

Ice Cream's History

Ice cream was first made in Italy. It is thought that it was introduced into France in 1550, and the earliest printed record of it in England was found in housekeeping magazines published in 1786. It was introduced into the United States by a Philadelphia caterer in 1800, but it was not until 1851 that the first wholesale ice cream business was started in Baltimore.

ATTENTION FARMERS!

Harvest time is here and it pays to investigate as these are STRENUOUS TIMES and pennies saved will accumulate and become dollars. Now is the time to figure the cheapest way to market your grain. Do you realize that there is a shortage of burlap? That is why sacks are commanding a good price and with the demand increasing every day, the price is still going up.

That means that you will be losing some of your hard earned money by buying high priced sacks. Why should you be hampered by such an EXPENSE when it is so easy to eliminate the heavy burden by making yourself CAPTAIN and MASTER of the situation. It is easy. With just a little determination on your part the great battle will be won.

There's a reason and it's a good one and a benefit to every farmer in saving the price of his sack bill every year and by so doing he will be hundreds of DOLLARS ahead of the sack industry. That's saying a whole lot and it's a fact.

It's to your interest to study up on this matter and save dollars. The opportunity is now at hand and stares you in the face. Let's cooperate and unite as one great body and win the battle by bulking our grain at the ELEVATOR. Remember that we are the farmer's friends and at your service at all times.

Wherever You Live—

Oil Cookstoves Are "City Easy"

If you want a cool kitchen in summer, an all-round, year-round cookstove with no fires to tend—use a good oil-cookstove. It will help solve your cooking problem by making your cooking "city easy"! No messy fires to tend—no fuel or ashes to lug—simple—noiseless—safe!

But be sure to use Pearl Oil—for Pearl Oil is more than "just kerosene". It is refined and re-refined by our special process so it won't corrode cookstoves or heaters; it will give you nothing but absolutely odorless, intense flame that's all heat! Insist on clean-burning Pearl Oil—ask for it by name!—"PEARL OIL".

Money is Plentiful

BUT IT IS HARD TO KEEP WITHOUT A BANK ACCOUNT

NO MATTER how plentiful money may be you cannot keep it if you fritter it away. And carrying money around in your pocket affords an ideal opportunity for frittering.

MAKE MONEY PLENTIFUL FOR YOURSELF—DEPOSIT IT IN THIS BANK INSTEAD OF FRITTERING IT AWAY.

BEFORE THE ALDERMEN

Alderman—I desire to present a petition.
Presiding Officer—The clerk will read.

Clerk—To the honorable board of aldermen, a petition from the inmates of the almshouse, asking the board to provide parking space for their automobiles.

NECKING?

She—How'd you come out?
He—Neck and neck.

Much Better

One reason I like the movies—When dead an actor falls, he can't revive amid applause. And take six curtain calls.

Nature's Protection

Leaf insects, which thrive on the guava tree, mimic the leaves so closely that they change color with the leaves as the season advances.

Lost and Found

More than 10,000 pieces of property were turned into the lost and found department of one eastern railroad last year.

Pursuit of Happiness

Remember, however, it is the pursuit of happiness that is an inalienable right, not happiness itself.—Newcastle Courier.

American Plan of Advertising Is Being Followed

"An apple a day" is now pursuing the doctors of Great Britain, having probably reduced all American doctors to penury.

A series of "Fruit Weeks" in the various towns of Great Britain for the purpose of spreading the fruitarian gospel, has been arranged by the Fruit Trades Federation.

"Scotland," said a federation official "has responded enthusiastically to the idea. Practically every fruiterer has joined the scheme, and one is tempted to wonder whether Scotland may be induced, for a week at least in the year to forsake her breakfast porridge.
