NUMBERS

The Quest
James Whitcomb Riley

Am looking for Love.
Has he passed this way,
With eyes as blue as
the skies of May,
And a face as fair as the summer
dawn?

You answer back, but I wander on,
For you say: Oh yes, but his eyes
were gray,
And his face as dim as a rainy day.

But stout of heart will I onward
fare,
Knowing my Love is beyond somewhere.
The Love I seek, with the eyes
of blue,
And the bright, sweet smile
unknown of you;
And on from the hour his trail is found
I shall sing sonnets the whole
year round.

HEHEHEH!

It is supposed to have happened in a theatrical club. An actor remarked: "I am tired of the way they are casting me lately. In my last three plays I have been a dirty scoundrel."

"That's the trouble with your American idea," observed an English actor, "of casting with types."—New York Graphic.

The Example

"What a beautiful ring, Laura."

"Yes, but the engagement's broken off, dear."

"Well, aren't you going to send it back?"

"Of course; but I shall keep it long enough for the—next one to see what he's expected to live up to."

Success

"There are some points about your writings that much resemble Shakespeare," said the editor.

"Do you think so?" cried the delighted author.

"Yes," the editor continued, "you employ almost the same punctuation marks."

THAT'S THAT

He—Where would you prefer to live—city or country?
She—Why-er-er whichever you like best.

CANCER CURES

As far back as 1903, a worker at the Rockefeller Institute succeeded in finding in many cases of cancer, an extremely small germ; so small, in fact that it could not be seen directly under the strong magnification of a microscope. Recently, in England, more work has been done along this line, and the findings have been confirmed in other works, a very small organism seems to occur fairly regularly in cases of cancer.

Whether this germ is the cause of cancer it is impossible to say.

Prince of Liars

The Prince of Liars was the title the great writer Cervantes conferred on Ferdinand Mendez Pinto, a celebrated Portuguese traveler of the sixteenth century, who published an account of his travels that was exaggerated.

Lenience

Whenever one judges oneself the verdict is pretty sure to be acquittal.

ATTENTION FARMERS!

Harvest time is here and it pays to investigate as these are STRENUOUS TIMES and pennies saved will accumulate and become dollars. Now is the time to figure the cheapest way to market your grain. Do you realize that there is a shortage of burlap? That is why sacks are commanding a good price and with the demand increasing every day, the price is still going up. That means that you will be losing some of your hard earned money by buying high priced sacks. Why should you be hampered by such an EXPENSE when it is so easy to eliminate the heavy burden by making yourself CAPTAIN and MASTER of the situation. It is easy. With just a little determination on your part the great battle will be won.

There's a reason and it's a good one and a benefit to every farmer in saving the price of his sack bill every year and by so doing he will be hundreds of DOLLARS ahead of the sack industry. That's saying a whole lot and it's a fact.

It's to your interest to study up on this matter and save dollars. The opportunity is now at hand and stares you in the face. Let's cooperate and unite as one great body and win the battle by bulking our grain at the ELEVATOR. Remember that we are the farmer's friends and at your service at all times.
