A Critic Criticized

James Agate in London Claret, he—"Nine-tenths of our screen idols are as an English poet has said, "faultless, lily regular, splendid, null." Said of them, James? Certainly not! Tennyson wrote that in 1855, long before screen idols were dreamt of. And, apart from that James, your statement isn't true—no sir, 'tain't so!

Vast Army of Industry

Factory workers and dealers who gain a livelihood in the building and marketing of one of the leading makes of automobiles constitute an army larger by several thousands than the infantry, cavalry and artillery commanded by the duke of Wellington when he defeated the great Napoleon at Waterloo.

It is a curious fact, but scientists seem agreed that four out of five hailstorms occur in the day time and those during the day are usually the most intense and damaging. This fact is quite true irrespective of the sections of the country in which such storms

ATTENTION FARMERS!

Harvest time is here and it pays to investigate as these are STRENUOUS TIMES and pennies saved will accumulate and become dollars. Now is the time to figure the cheapest way to market your grain. Do you realize that there is a shortage of burlap? That is why sacks are commanding a good price and with the demand increasing every day, the price is still going up.

That means that you will be losing some of your hard earned money by buying high priced sacks. Why should you be hampered by such an EXPENSE when it is so easy to eliminate the heavy burden by making yourself CAPTAIN and MASTER of the situation. It is easy. With just a little determination on your part the great battle will be won.

There's a reason and it's a good one and a benefit to every farmer in saving the price of his sack bill every year and by so doing he will be hundreds of DOLLARS ahead of the sack industry. That's saying a whole lot and it's a fact.

It's to your interest to study up on this matter and save dollars. The opportunity is now at hand and stares you in the face. Let's cooperate and unite as one great body and win the battle by bulking our grain at the ELEVATOR. Remember that we are the farmer's friends and at your service at all times.
