BANKERS HELP

The banks of Linn County Oregon, are showing more enthusiasm than ever this year in behalf of a county corn exhibit similar to that held last year at the Linn County Fair. Last year's exhibit was the result of a contest for a prize offered by a number of local banks. This was so successful that this year ten out of the eleven banks in the county will subscribe to the effort.

The Agricultural Committee of the Alabama Bankers Association has recommended that a scholarship fund be established for the education of worthy young men and women along agricultural and home economics lines. It is estimated that if each bank in the state were to contribute 25 cents per thousand capital, five to six thousand dollars per annum would be realized.

The Agricultural Committee of the Oklahoma Bankers Association, in its report, recommends that the bankers see that a competent agent is appointed in each county and that he has a degree from some agricultural college. They believe that the agricultural possibilities of the state should be better advertised and that each county bankers association should do some work along that line.

Searcy County Bankers Association, Arkansas, entertained as its guests recently some seventy-five farmers and business men. The result was the organization of the North Central Arkansas Agricultural Association. Its purpose will be to coordinate the efforts of the farmers and business men in promoting a better agriculture. Searcy County bankers are giving 100 settings of purebred eggs for distribution to the boys' and girls' clubs in the county.

CONDON IONE GAME IONE LOSES HARD FOUGHT GAME

Fight was the order of the day when Ione played its first football game of the season with Condon on Saturday, Oct. 3.

The game started with Ione kicking off to Condon. In the first half neither team gained much yardage. Altho the Condon men were heavier than their opponents the visiting team could not break through Ione's line.

The Condon team made some long passes and scored 9 to 0 against Ione. The Ione team however put up a good resistance and did some hard playing.

The left half back made considerable yardage and there was good team work among the squad. The next game scheduled to be played is with Boardman on October 16.

GIRLS START BASKET BALL PRACTICE

The promise of a good Girls' Basket ball team this year is already in view. Practice has begun with Miss Adams as coach. Miss Adams is a graduate of Pacific University and was coach at year at Perrydale.

In spite of the fact that we lost two of the players from last year's team, some promising new material has been uncovered and prospects are good for a team that will hold its own with the best.

BERT MASON

Boost the Bank that Boosts HOME INTERESTS

When it comes to a choice between home folks and outsiders home folks come first. Isn't that the way you feel about it?

This is a home institution. We are working for the good of our community, for the prosperity and development of this section, and for the individual welfare of our friends and neighbors. That has always been our policy and always will be our policy.

For that reason we like to see the money that is earned here, spent here and circulated here for the benefit of local interests.

The resources of this bank represent the deposits of those who transact business with us. And the more use they make of our facilities and the more they cooperate with us the greater service we are enabled to render them in return.
