IONE, OREGON, FRIDAY, NOVEMBER 6, 1925

NUMBER 23

Windsor Castle
Nov. 5, 1925.
Editor of Independent.

I have had some time all by my lonesome since moving in here from the Rock-creek hills. I brought in two pet cats and they both stampeded and left the first night and my work team left the first chance they got and I feel like stampeding myself once in a while.

The State highway on one side of my place and the railroad on the other side, each about fifty yards from the house.

When I first moved in here I would run out to see every auto and train pass and I was not long taking notice that I was not getting nothing done so I quit.

I have been up the highway to Heppner since moving in here and I think it some fine road yes a good deal better road than the one 30 or 40 years ago, and it gave me the auto craze to ride over it and if you see a dark streak going up main street one of these fine days just hitting the high places, that will be old Bill and his new Henry. I suppose I will be the same as some other auto crazed drivers; no respect for old age or crippled women or children, clear the track is the system; no business on the road or streets a foot.

Lexington, who has remained undefeated for five years, was tied 6 to 6 by Ione. Saturday at Lexington. At the end of the first half the score stood 6 to 0 in favor of Lexington but in the last quarter with about six minutes to play, the Ione team in the person of Clark bucked the line for a touchdown.

LEXINGTON ECHOES

Lexington Grammar school boys played lone foot ball team Saturday morning on Lexington field and won by a score of 20 to 7.

Russel Wright was referee. Ione team showed good players but lacked the strength of Lexington. During the game two of Ione men Dan Head and Johnnie Eubanks met with injuries which are not considered serious.

Bert Morey made a 97 yard run for Lexington and with Laurel Ross shared honors as a star.

On Sunday a large crowd from Lexington and surrounding town witnessed the foot ball game on the local field between Lexington town team and Athena town team. Coach Adams of Ione was referee. It was a hard fought game, the teams being evenly matched. Several time out periods were called for players on each side and no score was made by either team. Lexington will give Athena a return game on Athena field next Sunday.

On Friday evening last the ladies of the Congregational church gave a most pleasing Halloween entertainment. From six until eight o'clock supper was served in the basement rooms of the parsonage. Here a large number of guests interchanged courtesies for an hour or so over their terraps and later enjoyed an evening of genuine Halloween merriment in the handsomely decorated parsonage living room.

On Saturday evening at the Christian Church parsonage Rev. and Mrs. Wallace Jones entertained a number of their friends at a delightful party.

The living rooms with their tasteful decorations lent an atmosphere of mystery to the occasion, while Rev. and Mrs. Jones in pleasing style led the guests through a series of unique entertainments. Dainty refreshments were served and when the guests departed at a late hour it was with the feeling that only good witches are abroad.

Growth of Law Library

A law library which would have been complete, with all of the volumes of American decisions and all of the volumes of American statutes, has recently been calculated to have contained one hundred years ago about 150 volumes of decisions and 60 volumes of statutes, says the Nation's Business magazine. Today, it is said, a library which would be complete in the same sense would contain 18,500 volumes of decisions and 5,500 volumes of statutes. One hundred years in the future, if the increase during the last century is maintained, such a library would have to contain 1,850,000 volumes of decisions and 550,000 volumes of statutes.

Boost the Bank that Boosts HOME INTERESTS

\$===\$

When it comes to a choice between home folks and outsiders home folks come first. Isn't that the way you feel about it?

This is a home institution. We are working for the good of our community, for the prosperity and development of this section, and for the individual welfare of our friends and neighbors. That has always been our policy and always will be our policy.

For that reason we like to see the money that is earned here, spent here and circulated here for the benefit of local interests.

The resources of this bank represent the deposits of those who transact business with us. And the more use they make of our facilities and the more they cooperate with us the greater service we are enabled to render them in return.
