Truth, crushed to earth will rise again;
The eternal years of God are hers
But Error, wounded, writhes in pain
And dies among her worshippers.

William Cullen Bryant

THANKSGIVING

God be praised for earthly wonders,
Trees to rest the birds in flight,
Majesty of distant thunders,
Stars to sparkle through the
Moonlight on a summer ocean,
Sunrise on the sea at dawn,
All the black and white commo-
tion
Of a magpie on the lawn.
God be thanked for light and
gloaming
And the rainbows after rain,
Roads that lead you on to roam-
ing,
Roads that lead you home again
Home with ramblers in their
glory
And a door that opens wide,
Love and laughter, song and
story
By pleasant fireside.
Henry Gillen

ROAD USE

In the State of Washington quite a controversy has arisen between the motor bus and truck companies and the railroad companies over a published statement of the motor bus people that not a dollar is being raised for state highway construction by taxation.
As we understand it the statement is erroneous if we take all classes of road into consideration. Great sums are raised by taxation for the construction and maintenance of roads used by motor transport.
However it seems to us that this dispute is another case of the pot calling the kettle black for the roads that are now complaining bitterly of the competition of transportation companies using the public highways were themselves the beneficiaries of extensive grants of public lands.
We wonder if it may not be true that these public benefactors were not more than sufficient to build and maintain the road beds of the trans continental roads.

To the Editor,

Does the Bible say, eat, drink and get married today for tomorrow ye may die? or does it say eat, drink and be merry today? Well it is all about the same thing any way. I am ashamed to say that I have read the Bible but very little, but I often think that it must be a wonderful book to stand the wear and tear of generations after generations of the deepest and wisest men of the entire world. Does not the Bible say that man was created but a few degrees below an angel? If so, I think some of us have degenerated to beat the world, for I have read that angels are true, and pure and without sin, I do not believe in any monkey business mixed up in humanity, and it would be contradicting the bible to preach such stuff. Does not the bible say if justice and truth is crushed to the earth it will arise again? Truth is a wonderful thing. Take figures for example, they never lie and you can place the greenest boy in the John Day hills on the witness stand and let the smartest

MEN'S DRESS
By
W.A. Churchill, Secretary
BORN TAILORS GUILD

Taking Care of Your Clothes

NO MAN can ever be well dressed who does not take proper care of his clothes. Even the man who prefers to wear them hard and replace them often will find he cannot be well groomed without giving a certain amount of attention to the upkeep of his apparel.

The average man, however, buys his clothes with a view to getting good service and having them look well during their entire reign. For this reason he buys good materials, conservative styles. The dash of color and the note of originality can be secured in the accessories—socks, ties and belt that can be discarded when out of style.

Plenty of changes is one secret of getting full returns from your clothing investments. It is poor economy to put on an everyday suit and wear it constantly and the same applies to shoes, hat and gloves.

The suit that has been worn all day is as much entitled to a good night's rest as is its owner. It should be put on hangers, and, if possible, hung out in the open and not shut up in some airless closet. Shoe trees take only a second or two to slip in and are excellent in preserving the shape of the shoe.

The value of frequent cleaning and pressing cannot be overestimated. Dirt is one of the greatest enemies to the wearing qualities of materials. Some men leave a standing order with the cleaner to pick up a suit or overcoat a week at the same time that he returns one. In this way, one's wardrobe is kept constantly in condition. A bottle of cleaning fluid kept on the bathroom shelf is a necessity. A spot of grease or simple stain should never be allowed to stand overnight.

lawyers of the world cross question him and if that boy hangs to the truth they can do nothing with him, but let him stray from the path of the truth and they will nail him to the cross. I suppose that is one reason why they claim truth is stronger than fiction."

A strange old world is this old planet we are on, why is it that some of the hardest boiled cases have way deep down in their hearts profound respect for an honest man or a true woman? The bible, if I have the history right, has had a hard time staying on this planet, men murdered for reading it, etc.

But it is here yet by the millions. This old world certainly progresses millions of miles, wireless telegrams, mail carried by flying machines, nearly everyone owns an auto and saloons knocked into a cocked-hat where they ought to have been knocked one hundred years ago, yes,
We will break away each letter,

That has bound us here to fore.
For the world today is better than it ever was before.

None of us had a thing to say about coming on to this planet, and we have but little to say about how, where or when we shall leave it. I do not belong to any church, but I believe in Radio religion, I think a mans mind and brain is a battery, there is electricity in the air, and all our thoughts recorded on the book of life above. I will be a great mess for some of us to read when we get there, perhaps view a moving picture of ones self from the cradle to the grave. I will preach on that line for Billy Sunday wages,

That has bound us here to fore.
For the world today is better than it ever was before.

"GATHER YE ROSEBUDS—"

The young schoolmistress asked if any boy could bring her a bunch of flowers next morning, and met with a ready response from Jacob.
"Thank you, Jacob," she said.
"Have you a nice garden?"
"No, please, miss, but I goes round with the morning milk," was the frank reply.

Scratch for a Living

A novelist, who was in need of money to pay his rent, called on a friend one morning to borrow the amount. As he left he said:
"Jenkins, old man, the difference between a novelist and a hen is that they both scratch for a living, and the hen gets hers."

NO SHOW AT ALL

"Don't you think if I went to a medium I might obtain help from the spirits?"
"Don't think you'd have a ghost of a show."

The Greatest Human Need
This world is not in need of brains—it could afford to lose some if those who have them took some pains
Now and again to use some.

Method
"What makes you keep on asking me if the razor hurts?" asked the man who was being shaved. "I've said 'yes' three times and it hasn't made any difference."
"No," answered the barber. "I was merely trying my razors out to see which of them wants honing."—Washington Star.
