Eminent Divine Explains the Modern Application of "Golden Rule."

Golden Rule Sunday is December 6. On that day people of more than fifty countries will partake of a simple meal, will read about the orphan children of the Near East and then make such a gift as they would have some one make if their children were among the desolate in the Bible lands.

"The essential thing about Golden Rule Sunday is not the day on which it is observed, nor the eating of an orphanage meal," states Rev. W. B. Hinson, Pastor of the East Side Baptist church of Portland and Vice Chairman of the Northwest Regional Committee of Near East Relief. "The essential thing is that we should each for ourselves answer the question, 'What would I have some one else do if my children were hungry and some one had my income here?'"

"Golden Rule Sunday sets a terrifically high standard of giving. Parents worthy of the name will go hungry any time that their children might be fed. No sacrifice is too great if it is for their children. Jesus demands the same standard of sacrifice for others as we have for our own. It is drastic, revolutionary but imperative. 'Why call ye me Lord, Lord, and do not the things which I command you?' he cries. 'The one who would observe Golden Rule Sunday should, in his imagination, see his children deprived of their natural protectors, scattered like sheep having no shepherd, hiding by day from their enemies, gathering what food they can by night, exposed to the bitter cold of winter or the burning sun of summer, claiming refuge at an American orphanage only to be told there is no room.'

"He should see old Hargue struggling through snows, an orphan grandchild by each hand, with the baby on her back, who finds at night that that baby has frozen to death.

"He should see twelve year old Chasclumb struggling along with other destitute bearing his six year old brother to safety, carrying his body, even after he thought the boy was dead. He must see in these two boys not only the symbols of almost countless thousands of children, but he must see in them his own boys.

"There is little use to attempt to visualize the vast number, 35,000 orphans, now in American care and the equal or greater number whose helplessness is a claim on American charity, but for whom no provision can be made. When we see our own children comfortable and happy we can think of the same number homeless exiles in the Near East.

"There are few spiritual exercises more fruitful than this, and men and women who honestly attempt to apply the Golden Rule to these other children will not measure their gifts by pennies, but by dollars, by lives and tens and hundreds and thousands. All things therefore whatsoever you would that men should do to you (or to your children if left destitute) do ye to them likewise."

A gang of Scientists left on a Boat for a year's cruise to study queer kind of Fish in the South Atlantic Ocean. They should have stayed here in New York and went to see and hear what I did the other day, a real Red Bolshevik meeting. They would have seen queer looking Fish there, Suckers, Eels, Flounders, Bullheads, and every Guy that got up was a big mouth Bass. They denounced everything in America, The Weather, The Constitution, White Gloves for Palm Bearers, Mah Jongg, Lower Taxes, Suspenders, Cross Word Puzzles, Shower Baths, League of Nations and Ice Cream Pies. After looking them all over I found what was the matter with them. There wasn't a one of them knew enough to roll his own. How are you going to improve on a Government if you don't know that much. Every man you see pouring "Bull" Durham into his paper, you can bet he is satisfied with America, because it's the old right down to earth Americans that do it.

"I wish to cordially endorse the coming anti-tuberculosis campaign in Oregon, through the sale of Christmas Seals. I note with pleasure the report of the great decrease in the death rate from tuberculosis in our home state, during the past fourteen years, and believe that this is due in a large measure to the money derived from the sale of Christmas Seals.

"The Christmas Seal campaign is a most worthy one and I consider it a distinct privilege to be able to add my testimony to the great number who hold a like opinion."

CHRISTMAS SEALS AID TUBERCULOSIS FIGHT

Knowledge and Practice of the Rules of Health Greatest Need.

In 1921-22 Oregon people died with tuberculosis. Most estimated deaths that probably 1926 are afflicted with the disease. Careful studies show that between the ages of 15 and 45, which may be called the best years of life, more Oregonians die of tuberculosis than from any other cause of death and the same is true throughout the United States as a whole. All this is in spite of the fact that tuberculosis is known to be preventable and curable.

"We know enough about tuberculosis to smother it within a generation. It is not lack of knowledge, it is lack of application of knowledge that impedes our progress." These were the words of Dr. Allen K. Kraus, leading American authority on tuberculosis, when he visited Oregon last summer. He also pointed out that the knowledge which makes physicians confidently assert that "tuberculosis is preventable and curable" is not knowledge regarding medicines or treatments that can be called "specific cures." It is knowledge regarding the fundamental rules of healthy living.

It is disregard of the rules of healthy living that permits tuberculosis to continue as so great a menace to human life. It is knowledge of these rules, and care in their application which will eventually overcome tuberculosis. It is the tremendous progress in this direction which has made possible the 50% reduction in the tuberculosis deaths in the United States within the last 15 years, and the 25% reduction in Oregon's rate within the last ten years.

Christmas Seals finance the campaign of the Oregon Tuberculosis Association which is specifically designed to meet the need of teaching health. Public Health nurses are put into the field in Oregon. Health teaching is taken into the Oregon schools. Literature is distributed, exhibits are prepared, and every known channel of teaching health is employed.

The objective of the health teaching is to overcome tuberculosis by striking at its vulnerable spot.

"In a time when we are thinking of making a season especially joyful to those of our immediate family and friends, the contributions to the anti-tuberculosis campaign is an instance of kindly good will toward a number of our fellow citizens who have cause for uneasy apprehension, and the fact that people are mindful of them will help them as much, I believe, as the money will help them. I cordially commend the sale of Christmas Seals."

HON. WILLIS C. HAWLEY,
U. S. Representative from Oregon.

COOLIDGE PLEASED WITH RESULTS

President Hopes "Golden Rule Sunday" Will Promote Peace.

Near East Relief has caught the attention of President Coolidge and the plans for the third observance of Golden Rule Sunday on December 6 has received his endorsement. In a letter just made public, the president says:

"The reports of the observance of International Golden Rule Sunday last year in fifty countries, and its far-reaching results in the training of orphans in the Near East have been of great interest to me. This expression of brotherhood inevitably has a beneficial influence upon those who give as well as those who receive."

"As practical help in the best expression of friendship, I feel that the aid which we may give out of our prosperity to those impoverished by war may be of the utmost value in the promotion of international good will. The consistent observance of Golden Rule Sunday cannot but help to bring about the application of the Golden Rule itself to the international dealings of nations and individuals."

"I earnestly hope that the voluntary observance of this day may become increasingly prevalent in the homes of America and throughout the world."

In the annual report of the Near East Organization recently laid before the senate by Vice President Dawes, who is one of the national trustees of the relief organization, a full account of the work done during the calendar year is given.

Recently the Laura Spellman Rockefeller Foundation, after an investigation covering two months, donated \$175,000.00 to the Near East Relief to help refund the deficit created at the burning of Smyrna. At that time the Near East Relief by the free use of its orphanage supplies saved the lives of 250,000 people but incurred a deficit which it carried for three years, or until the Rockefeller Foundation came to its aid.
