The BULL'S EYE

The Farmer Can't Stand Much More Help Like He Has Been Getting

Congress say they are helping the Farmer. They are in Washington ON salary. He is home trying to pay it.

Farmers have had more advice and less relief than a wayward son. If advice sold for 10c a column, Farmers would be richer than Bootleggers.

And when they get all through advising, there is just one thing will help the Farmers. That is eliminate some of the middlemen and let the two ends meet. The Consumer and the Producer are two men in America that have never even seen each other.

Cut out the middle and tie the two ends together.

When a steer starts from the feed pen to the table, there is about 10 to take a bite out of him, before he reaches the family that pay for him.

Who wears the best clothes or drives the best car, the fellow who raises a bushel of wheat, or the working fellow who goes up to buy a sack of flour? Why neither one of them. The ones in between these two have their private Tailor and "Straight Eight."

The Government just told Agriculture, "You are in a hole." They didn't offer to pull them out, but they did say, "We get down in there with you."

I want to tell you right here, I don't know what would have happened to the poor farmer if it had not been for his old friend, "Bull" Durham. It's the only thing he has been absolutely able to rely on. And I want him to know that myself and "Bull" Durham are with him right to the poor house door.
