I do not know, sir, that the fellow is an infidel; but if he be an infidel, he is an infidel as a dog is an infidel; that is to say, he has never thought upon the subject. Dr. Samuel Johnson

The Way Today

"I don't like these newfangled doctars."
"Naw?"

Strict

Young Flapper—Your people are very strict with you, aren't they, Bass?

Bass!—Oh, frightfully! They expect me to be home by breakfast time every morning.—London Opinion.

Pennsylvania's Contribution to the Sesqui

Here is the Keystone State's building at the great Sesqui-Centennial International Exposition at Philadelphia, celebrating 150 years of American independence. In this huge structure Pennsylvania is displaying her progress from the arrival of Penn to the present day. The building is one of the handsomest on the big exposition grounds and has proved a rendezvous for hundreds of thousands of people who have come from near and far to see the magnificent exhibits established by forty-three of the leading nations of the world. The Exposition continues until December 1.
