## ATTEMPT TO KILL MUSSOLINI FAILS

Eight Bystanders Hurt When Bomb Hits Automobile But Premier Escapes.

Rome.—Benito Mussolini, Italy's picturesque premier and Fascist leader, escaped the third attempt made upon his life within a year Saturday.

The third attempt to murder the fascist dictator was a dramatic affair of but a few seconds. As the premier was riding in his closed limousine from his home to the government offices, Ermete Giovannini, 24-year-old marble cutter, stepped from a recess and hurled the bomb.

The bomb crashed the glass at Mussolini's side and fell not in the car but back on the running board and then rolled to the ground. The chauffeur, scenting danger, although he had not seen the assailant, increased his speed. When the bomb exploded with a terrific detonation the car was 20 yards away and was barely scratched by the flying pieces of the explosive.

Mussolini escaped without a wound but eight people in the street lay bleeding from superficial wounds. Giovannini was captured immediately.

## FRENCHMAN BREAKS CHANNEL RECORD

St. Margaret's Bay, Eng. — George Michel, 40-year-old French swimmer, broke the world's record for swimming the English channel here when he completed the crossing in 11 hours and 6 minutes.

Michel left Cape Griz Nez, France, at 8:32 p. m. and splashed ashore here at 7:33 a. m., thus lowering the record of 12 hours, 42 minutes set by Ernest Vierkotter, German swimmer, August 30.

It was Michel's 11th attempt to swim the channel.

Michel's feat was the fourth time the channel had been crossed this year. It was the 32nd attempt.

Other swimmers to make the crossing this year were Gertrude Ederle of New York, who established the women's record of 14 hours and 31 minutes; Mrs. Clemington Corson, only mother to swim the channel, who arrived back in New York recently, and Vierkotter, whose record of 12 hours and 42 minutes was beaten by Michel by one hour and 36 minutes.

## AMERICA HAS MOST JEWS

Population in Nation 4,400,000; 18,000,000 in World.

New York.—There are more Jews in the United States than in any other country in the world, says David Trietsch, a German-Jewish scholar and authority of Jewish statistics, in the Jewish Tribune.

Estimating the Jewish population of the world at 18,080,000—an increase of 150 per cent since 1851 — Mr. Trietsch says the number of Jews in this country is 4,400,000. Poland has a Jewish population of 4,950,000 and Russia is next with 3,600,000.

New York leads the cities of the world with a Jewish population of 2,000,000. Warsaw is next with 400,000, followed by Chicago and Vienna, with 300,000 each.

## France to Reduce Army Personnel.

Paris. — Reduction of the French army, as agreed upon by the cabinet, met with rather general public approval. The plan provides for the gradual reduction of the strength of the army by 2700 permanent and 1200 temporary officers, bringing the total down to 128,000, which is 7000 fewer than the pre-war figures. Other measures include modification of the terms of army service, raising the minimum age limit of conscripts from 20 to 21, in preparation for a bill reducing the term of compulsory service to one year.

## American Dyes Equal to Best.

Philadelphia. — America virtually has made itself independent of the world in dyes, the American Chemical Society was told here. W. E. Austin, New York industrialist, speaking before the dye division of the society, said 95 per cent of the dyed furs used in this country were home products and were equal to the best produced in Europe.

Mr. and Mrs. Victor Rietmann are rejoicing in the advent of a baby boy.

Dr. Mc Murdo of Heppner, was in Ione one day this week and dropped in on The Independent for a few minutes. Doc has been out on a little hunting expedition in company with Post Master Smeed and N.E. Lawson of Heppner. Doc and the P. M. each brought in a buck. While Dr. Mc Murdo was away in the highlands chasing the deer, Nurse Glowry of the Heppner Surgical Hospital distinguished herself by successfully caring for three cases of fracture, — taking the X ray pictures and reducing the fractures in a manner that would have been creditable to an accomplished surgeon.
