## Ione vs Heppner

Although showing a poor start the local high school eleven pepped up in the last half and defeated the Heppner griesters, Sat., October 30, on the Ione field by a score of 17-0. The only scoring in the first half was when Ritchie, quarter, kicked a field goal from the 20 yard line.

In the second half, after a number of line bucks and shifts, Clark, full, scored for Ione by going over for a touchdown. Ritchie's drop kick was successful. In the last quarter, Graves went around Heppner's left end for another score. Ritchie converted goal. Heppner was in possession of the ball when the whistle blew.

## WILL ENDEAVOR TO AID COTTON GROWERS

An Effort Will be Made to Pledge Farmers to Reduce Cotton Acreage.

Memphis, Tenn.—Brains and money of the south, summoned by a threat of economic disaster, are mobilizing forces of relief from Texas to North Carolina in an organized drive to meet the emergency in cotton prices and restore stability to the bale-burdened market.

Energetic determination had displaced cries of loud distress and business-like calm succeeded the panicky fear of early October as machinery for financing retirement of the current surplus was being devised in every state of the American cotton belt.

Success for the south-wide campaign for guaranteed reduction of cotton acreage next year was predicted here as agriculture experts viewed the progress of the canvass for a complete census of the industry, whose purpose is to pledge every farmer to curtail planting.

Stimulated by the visit of Eugene Meyer, chairman of President Coolidge's commission for relief, and A. C. Williams, chairman of the federal loan board, and Mr. Meyer's associate in the southern survey, bankers and marketing executives have undertaken to form finance corporations to make loans available to the growers.
