

EXPERIENCE OF WESTERN GIRL

Found Cannery Work Too Tiring

The fertile valleys of Oregon help to supply the tables of America. This is possible through the magic of the humble tin can.

In one of the canning establishments, Julia Schmidt, was employed. It was complicated work because she did sealing and other parts of the work. It was strenuous work and she was not a strong girl. Often she forced herself to work when she was hardly able to sit at her machine. At times she would have to stay at home for she was so weak she could hardly walk. For five years she was in this weakened condition.

She tried various medicines. At last, a friend of hers spoke of Lydia E. Pinkham's Vegetable Compound and she gave it a trial.

"Everyone says I am a healthier and stronger girl," she writes. "I am recommending the Vegetable Compound to all my friends who tell me how they suffer and I am willing to answer letters from women asking about it." Julia Schmidt's address is 652 North Front St., Salem, Oregon.

Girls who work in factories know just how Miss Schmidt felt. Perhaps they, too, will find better health by taking the Vegetable Compound.

Few people are as smart as other people think they are.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

Advices Women of Middle Age

Brea, Calif.—"I had just reached middle life and was on the down grade. My health was failing and I had hot flashes, together with pains and backache. I was very miserable indeed. I just happened to see an advertisement in our newspaper and sent to the drug store for a bottle of Dr. Pierce's Favorite Prescription. It was exactly as represented. The pains and backaches disappeared, also the hot flashes and I have gained in health remarkably while going thru the much dreaded 'change.' I wish I could tell my experience to every suffering woman."—Mrs. Lillie King, c/o Gen'l. Del. Liquid or tablets. All dealers.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean* like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
