Primary Notes

By Winnie Brown.

The attendance in our room has been perfect the last two weeks.

Come to the Basket Social and hear Maxine speak in our room.

The Boy's Basket Ball team attended the tournament in Pendleton last week. They were unfortunate in being drawn to play the Pendleton team first. Even though the score was 10 to 43 in favor of larger school, we know that our boys put up a good game and let them know that Ione is still on the map.

Those who went on the trip were, Lowell Clark, Clair Young, George Ritchie, Garland Swanson, Kenneth Akers, Ralph Mason and Alfred Balsiger.

Mr. Brown had charge of the official Teachers' Meeting, last Monday evening. His subject was "School Discipline."

The Freshmen learned the following quotation in English: "Not that which we give, but what we share. For the gift without the giver is bare; Who bestows himself with his aims feeds three; Himself, His hungry brother and me."

This is the interpretation received on an exam. paper: "Not what we give but how we give it;

For the gift without the giver

is bare.

He with his palm outstretched, feeds three;

The receiver, himself and me."

Craze Followed Hysteria

A classic example of what popular imagination applied to the common spider can do is told in Hygeia Magazine. Italy in the Middle Ages was swept by a dancing mania or tarantism.

Persons bitten by a spider called the European tarantula suddenly became extremely sensitive to music, dancing in a frenzy of excitement until they sank to the ground, exhausted and almost lifeless. Certain forms of music were considered good for the afflicted and bore the name trantella. The cause was not a spider's bite but a hysteria due to the depleted mental and physical condition of the people as a result of the frequent wars and plagues. The same sort of thing was seen in this country a few years after the World war.
