NUMBER 42

SCHOOL NOTES

"Stick-to-it-iveness"

What a world of meaning lies packed in that one word sticktoitiveness! It can be applied to any thing in life. Hardly a broad enough definition can be found for it.

Lincoln climbed from the job of a rail splitter to the highest position that a man can acquire in the United States, the presidency. If he had not had the power of "stick-to-it-iveness" he would never have attained that position.

Jim Hill began his career by working on the section. Now we possess in him, one of the greatest railroad magnates of the country. Thus have many great men achieved their prominence. By sticking to things they started to they attained their highest aspirations.

It is interesting to note the results which the application of stick to itiveness has had on our local high school girls basketball team. For most of them it has been their first year on the team.

Throughout games that were hopelessly lost they have continued to play with the same spirit even when the score was disheartening. Whether winning or losing, our girls, have stood out, because they have been good sportsmen and because the have exhibited that quality of stickto itiveness which we admire.

The members of an athletic team represent the spirit of our school. It is not the winning or losing of a score which counts. A game, whether won or lost, played with a clean spirit and good sportsmanship, is one any school may be proud of.

Our school learned a lesson in the girls' game with Heppner on a recent Wednesday night; our girls learned a lesson, one that can only be learned by trial and test.

Without perseverance, our girls could never have improved their teamwork and have been able to defeat a team which had once defeated them. Even tho'

this was their only victory of the season, we are proud of our girls!

We wish to thank the people who have donated the use of their cars to take our players to other towns and for their enthusiastic support at local games, another example of stick-to-itiveness.

Mildred Smith
Freshman

GRADE NOTES

Junior Mason went to Heppner Tuesday afternoon.

Mrs. Bergevin, Mrs. Beckner and Mrs. Walker visited the primary room last week.

The primary room gave the program for the first assembly. Their program consisted of, A: Song "The Sewing Ladies Meet," Health Rhymes, Funny Bunny Rabbit-Dramatization.

Mrs. Walker, County School Supt., was a visitor in the Ione school last week.

The Pennant Scramble

Last Saturday, during the still hours of the evening, the Frosh attempted putting their pennant on the assembly wall. Some upper classmen however, having seen a light flashed in the room, slipped into the school house through a window left open for that purpose. They met surprise upon entering the cause of their surprise being the presence of the freshmen.

A lively and comical struggle ensued. The result [Freshmen sadly admit] was the removal and disappearance of a rose and black pennant from the wall.

Frosh console themselves with the possession of a sophomore pennant and a Senior pennant.

Despite numerous suggestive threats from the upper classmen their pennants have not been returned to their former places.

One evening, a few days later, two of the Freshmen boys were kindly transported in a car to a point two or three miles east of town. They were then given the honor and desired privilege of strolling back to town, which

had unselfishly been suggested by the congenial upper classmen, and which might be considered as acceptable for their future health and benefit.

Let us follow with lively anticipations, the further development of the pennant affair.

Declamatory Contest

The local declamatory tryouts are to be held here, March 25th, in the gym. The school and community are very much interested in this work as Ione carried off all prizes except one in the contest last year. We are working hard for similar results this year.

The Judges who will select our school representatives for the county contest, will be Mrs. Walker, Rev. Wood, and one Heppner teacher chosen by Mrs. Walker.

For the county contest each grade school in Morrow County is entitled to two contestants, one being for humorous and one for non-humorous selections.

Each high school is entitled to one contestant from each class—Oratorical, dramatic and humorous.

No speaker shall be allowed to compete in the annual Declamatory Contest with a selection he has previously spoken in a final contest of the League. No selection which has won first place in a final contest of the League, shall be used the following year.

Any pupil having won first in any one class in any division, shall be barred from again coming in that class of that division.

The winners from Ione last year were Eugene Normile, Francis Bryson, Hazel Padberg, Nedra Agee, Frank Mason and Richard Lundell.

An admission fee of ten cents will be charged and the proceeds are to be used in a hot lunch fund for next year.
