Our Pet Peeve

MICKIE, THE PRINTER'S DEVIL

THE FEATHERHEADS

"Yes" Is the Answer

CAP AND BELLS

HOW IT WORKED

A druggist who wanted to sell electric waffle irons was advised to employ an attractive young woman to cook waffles in the store. He was assured that the scheme would boost sales.

"How did it turn out?" asked his adviser.

"A smart gink married the girl the first week."

THEN HE WENT

He (at midnight)—I feel all wound up this evening.

She (wearily)—Your main spring must be broken, or you'd surely go.

The Young Lawyer

"And if, my son," the lawyer said, "My shoes you wish to fill, Remember that I got my start By working with a will."

Just to Do Something

Dentist's Wife—We must give the maid a little treat of some sort for her birthday.

Dentist—All right. I'll extract some of her teeth free.—Berlin Nagels Lustige Welt.

Fitting

She—I wonder why marriage is called "an institution?"

He—Because it is so hard to escape from, I suppose.—New York Central Lines Magazine.

Realism in the Movies

"Your star shivered most naturally in that scene."

"Had to."

"Heh?"

"We put her on ice."

Why Worry?

Dyer—Too bad about Niblick losing all his money.

Gowf—He should worry! He made the course in two under par yesterday.

Rather Big-Hearted

Jerry—Is there only one cake of soap?

Beilhop—Sure!

Jerry—Tell the night clerk I'll take another room. I must wash my face.

GREATEST GOLD FIELDS

"What are the world's greatest gold fields?"

"The big cities—you'll find gold diggers in every street."

Landing a Passenger

Ruth rode in my new cycle car in the seat in back of me; I took a bump at fifty-five. And rode on ruthlessly.

How Boy Friend Knew

Daughter—You know, dad, he always said he'd never marry until the right girl came along.

Dad—Well, how does he know you are the right one?

Daughter—Oh, I told him I was.

His Favorite Brand

Dave—Have you another cigar like the one you gave me yesterday?

Rod—Yeah.

Dave—Fine. I want to break my brother of the habit of smoking.

Reciprocate or Retaliate

"I must begin buying my presents," said Mr. G. "You know, Cousin Ellie gave us that big blue vase last year, we ought to reciprocate."

"Reciprocate?" answered Mr. G.

"For that vase! You mean retaliate!"

—The Outlook.

Meow!

Willie—Pa, how old are kittens when they get their eyes open?

His Father—I'm sure I don't know, my son, when they do get married.

Progress Made in Caring for Sick

There are fifty more hospitals in this country now than there were a year ago, according to a statistical survey of hospitals recently completed by the American Medical Association. The 3,046 hospitals now in operation in the United States have a capacity of 850,445 beds and the increase over last year is sufficient to take care of an increase in population of 5,000,000 people, association officials say. The growing importance of the hospital as an educational agency is indicated by the figures showing the number of hospitals that include nurses' training schools. The total number of schools comes to more than 2,000, of which Pennsylvania has the most in any state, though New York has the largest number of nurse students. There are slightly fewer than 23 registered nurses for every 10,000 people of the whole population of the country, the survey shows. The lowest supply is in Georgia and Mississippi, which have only seven for every 10,000 people.

Constipation generally indicates disordered stomach, liver and bowels. Wright's Indian Vegetable Pills restore regularity without griping. 375 Pearl St., N. Y. Adv.

Weeds Looked On as Reservoirs of Wealth

At a recent meeting of distinguished botanists the opinion was voiced that great reserves of wealth are lying untapped in what we now regard as weeds. Though there are 500,000 known species of higher plants, the world's needs in food, fiber and timber are at present supplied by less than 100 species.

Another interesting fact that was brought out at this convention of botanists was that the cells of plants can be regarded as the most powerful forms of suction pumps in the world. As the result of research into the way in which plants draw water from their roots to their topmost leaves through fermentation it is taking place in their cells, an estimation was made that pumping power sometimes equals 500 pounds to the square inch.

Soft Corns

Money Back Says Your Druggist if Moone's Emerald Oil Doesn't Do Away With All Soreness and Pain in 24 Hours.

Get a bottle of Moone's Emerald Oil with the understanding that if it does not put an end to the pain and soreness and do away with the corn itself your money will be promptly returned.

Don't worry about how long you've had it or how many other preparations you have tried. This powerful penetrating oil is one preparation that will help to make your painful aching feet so healthy and free from corn and bunion troubles that you'll be able to go anywhere and do anything in absolute feet comfort.

So marvelously powerful is Moone's Emerald Oil that thousands have found it gives wonderful results in the treatment of dangerous swollen or varicose veins. Your druggist is selling lots of it.

Locusts Defied Artillery

Giant locusts have been invading the countryside in India, three different swarms having descended upon territory in the Bombay presidency, says Popular Mechanics Magazine. One "army" was 20 miles long and 30 yards wide. When the insects had settled, heavy gunfire was directed upon them, but did not dislodge them, and several fertile tracts were devastated. Another swarm was five miles long and half a mile wide.

Best for the Dog

Table scraps form the best food for the dog, says Nature Magazine. Do not feed him either potatoes or chicken bones.

Self-distrust is responsible for most of life's failures.

The silent watches of the night are those we forget to wind.

Covered Wagon Pioneer Quickly Restored to Health

Was So Weak Could Scarcely Use Arms or Legs. Sacramento Resident a Victim of "Flu," Loses Weight and Vitality. Finds Long-Sought Relief. Strength Restored. Praises Tanlac.

Pioneer blood flows in the veins of Frank Rikert, Box 1035, R. R. 10, Sacramento, Calif., a prominent stockman who trekked over the rough, hazardous trails from Illinois in the early sixties. But even his brawn, muscle and splendid health broke under the strain of modern living. "Flu" left its mark and threatened his life. "I didn't care whether I lived or died, I felt so badly," said Mr. Rikert, "when I began taking Tanlac. My strength had vanished, sapped by the 'Flu.' My arms and legs were so weak that they were almost useless. I couldn't even turn over in bed without help, so completely undermined was my strength and vitality. "One night my wife saw the Tanlac advertisement in the paper and urged me to try it. I bought a bottle and started taking it, and I felt better right off. In a few weeks I was able to do all my work. Not only did my weakness disappear, but I actually gained twenty pounds, and I have felt fine ever since. "Yes, sir, I firmly believe that Tanlac saved my life. Naturally, I'm so enthusiastic about Tanlac I am telling all my friends it's a great medicine

TWO HOMES MADE HAPPY

By Women Who Used Lydia E. Pinkham's Vegetable Compound.

"I have taken Lydia E. Pinkham's Vegetable Compound and I think it is the most wonderful medicine I ever tried," is the statement made by Mrs. Goldie Shoup of St. Joseph, Illinois. She declares that after taking the Compound she is in better health than before.

Mrs. J. Storms of 29 Lane Street, Paterson, N. J., writes: "I cannot speak too highly of your medicine and I recommend it to all my friends."

These statements were taken from two enthusiastic letters which tell of the help that has been received from using the Vegetable Compound. Both Mrs. Shoup and Mrs. Storms were in a run-down condition which caused them much unhappiness. When women are suffering from lack of strength and from weakness, their own life and that of their family is affected. When they feel well and strong and are able to do their housework easily, happy homes are the result.

Takes Movies of Plants
The slowest motion pictures ever made are those of the United States Department of Agriculture which portray the growth of plants. This is done by the use of a "time-lapse" machine, invented by Howard Green, that exposes only one frame of film at a time and regulates the time between such exposures. These periods usually are about 20 seconds, so that in an hour only about 180 pictures would be taken.

All in Good Time
Fred—D'you know, I haven't spoken to my wife for five weeks.
Ted—Don't worry, old man, your turn will come next.—Answers.

Nothing to It
"There's nothing to this grouch talk."
"No, it's crabbapleasance."

and I'll praise it as long as I live." Tanlac helps conquer ailments and builds up strength in famished bodies. It banishes pain and frees the system of poison caused by constipation and sluggish liver. It is Nature's own remedy made from roots, barks and herbs according to the famous Tanlac formula. Begin taking Tanlac and enjoy the benefits of strength and golden health. The first bottle usually brings results that will surprise you. Ask your druggist for Tanlac—today! Over 40 million bottles sold.
