

TWO WOMEN FOUND HELP

Their Sickness Banished by Lydia E. Pinkham's Vegetable Compound

Mrs. Nina Matteson, Box 206, Oxford, N. Y., writes: "If it had not been for your medicine, I could not have done my work as it should have been done. Mother told me of Lydia E. Pinkham's Vegetable Compound, and I had read in different papers what it had done for different women. She wanted me to try it, so my husband got me one bottle at first; then I took two others. Now I am feeling quite strong again."

Mrs. Ernest Tanguay of Adams, Mass., says she was ill for four years and could not sleep nights or go out on the street. She read about the Vegetable Compound and decided to try it. After taking eight bottles she was able to do all her work and go anywhere and is quite herself again.

This dependable Vegetable Compound is a household word in thousands of homes. The fourth generation is now learning the merit of Lydia E. Pinkham's Vegetable Compound.

For more than half a century, this reliable medicine has been used by women with very satisfactory results. If the Vegetable Compound has helped other women, why shouldn't it help you?

Heals Eczema in 7 Days or Less Or Your Money Back

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moore's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Your druggist can supply you at any time.

Object in Holding Particle of Land

What would you do if some friend died and bequeathed you a trillionth of an acre of land? You couldn't build a summer home, but you might start a microbe farm. Although land is not portioned out in such minute parcels today, transactions involving pieces of property ranging in size from a trillionth of an acre to a square inch were common in Contra Costa county, Calif., 38 years ago. The trillionth of an acre, probably the smallest piece of described land on record, was purchased at a tax sale. The land was a portion of the Tar ranch at San Pablo. The purchaser paid \$24.80, which represented tax delinquency and costs of sale. The small piece of land would be merely large enough to place the point of a fine needle on. In accepting minute pieces in the center of large ranches, the bidders secured a lien which clouded the title, and were often paid well before a private sale could be transacted.—Oakland Tribune.

"Beware, my son, beware!"

"Stay away from Peterman's! It has killed your whole family!"

"DON'T walk through it. Don't smell it. Don't touch it. Go hungry for days first."

She's right. Peterman's Roach Food exterminates every roach in your house. Nothing is left but a little dry dust.

Some housewives make the mistake of fighting cockroaches with a spray. Those are the houses roaches stay in. They live down behind baseboards, under the floors. No spray can possibly reach them, or their young, or their eggs.

Only a powder can exterminate them. Peterman's Roach Food is the right powder. Just

one roach gets a little powder on his legs. Back to his nest he goes. He crawls over the others and eggs. Every roach he touches dies and disintegrates.

Here is the right insecticide for each insect:

PETERMAN'S ROACH FOOD exterminates cockroaches.

PETERMAN'S ANT-FOOD exterminates ants.

FLYOSAN kills flies and mosquitoes.

PETERMAN'S DISCOVERY exterminates bedbugs.

PETERMAN'S MOTH FOOD protects against moths.

You must have a specific insecticide for each insect. No single insecticide will exterminate them all. We know that is true. We have had nearly 50 years' experience.

Peterman's has the right insecticide for each insect. On sale wherever drugs are sold.

Cities Losing Residents

Villages and small towns are gaining population, contrary to popular understanding. As a matter of fact the Institute of Social and Religious Research has found from heretofore unpublished census figures that the rate of city population increase in 1900 to 1920, fell from 84 per cent to 52.1 per cent, while the rural rate was pushed up to 20.7 per cent. The discrepancy is due to government bookkeeping, according to Robert McCullough who made a study for the survey. The government automatically changes a town or village to a city when it reaches 2,500 population.

Something New in Fowls

A new type of fowl is being raised in Alberta to supplant the high-priced holiday turkey. A cross between a turkey and a chicken, the "turken" resembles the turkey in head and body, but in size, comb and wattles it is more like the chicken.

Rabbit Economics

Australia is unable to prove by figures whether the rabbit is a pest or a perquisite. In four years she shipped abroad as food frozen rabbits reaching a total valuation of \$3,000,000, and rabbit skins valued at \$7,000,000. But in one province alone, New South Wales, 110,000 miles of rabbit-proof fence had to be erected to keep the little creatures from devastating farms. The cost of that fence was \$6,000,000. Another fence, cost not reported, and surely one of the longest in the world, was stretched the whole distance of 612 miles between Bourke and Corrowa.

Oakland G. A. R. Veteran and Wife Regain Health

Aged Couple, Suffering Acutely from Rheumatism, Neuritis and Indigestion, Find Quick and Permanent Relief in Tanlac and Praise It Highly

"From the day I was fortunate enough to line up with Tanlac," says Mr. Emil Langhans, ex-cavalryman and retired customs official, "it has kept my health and strength up to highest standard."

Sitting in his comfortable home at 2219 107th Avenue, Oakland, Calif., Mr. Langhans told how Tanlac had rebuilt his strength and vigor for himself and his charming wife. "Tanlac worked wonders for my wife," he said. "She suffered from high blood pressure, neuritis and general run-down condition. Tanlac relieved her."

"I had sciatic rheumatism—suffered for five years with it—so that I could sleep but little, on account of the pain. Kidney trouble, indigestion and loss of appetite had reduced my strength to a low ebb."

"Since taking Tanlac my health, as well as that of my wife, has been remarkable. Though I am retired, I could resume my old work any time. No rheumatism—nor kidney trouble—in past two years. I never miss an

opportunity to praise Tanlac." Old and young, from coast to coast, unite in praising this famous remedy of nature. Made of roots, berries and herbs, according to the exclusive Tanlac formula, it is an amazing tonic medicine. All good druggists sell Tanlac. Get a bottle today! Over 40 million bottles sold.
