Stormy Body of Water

Euxine was the ancient name for the Black sea in southern Russia and connected with the Mediterranean sea by the Bosphorus, the sea of Marmora and the Dardanelles. Euxine, a Greek word, means inhospitable, and the sea was so-called because of its treacherous weather and sudden and severe storms.

The Crucible

The passing over from one year to the next offers opportunity for stock-taking or inventory-making in life. What interest in service has my life yielded? Life has been considered by some one as doing business under the firm name of "Soul & Company." Soul is the senior partner. Body is the associate. January first is the time to set down the income and the outgo of the character, to consider how life's business prospers; to determine whether "Soul & Company" are rich in the coin of heaven or are facing moral insolvency.—Cheesman A. Herriek.
