## TOBACCO REVENUE

An unusual feature connected with the tobacco industry in the United States is that the Government derives a greater revenue from the manufactured product than the growers receive for the crop. The farm value of tobacco in 1925 was \$234,253,000; the tax collected in 1925 on manufactured tobacco amounted to \$345,247,210.98.

## Mirror Made Trouble

To the back veldts of South Africa there penetrated one day a traveler, who possessed many treasures the old farmer had never seen before. Among them was a mirror.  
"Where did you get that?" asked the farmer, as he gazed into it; "that picture of my father?"  
The traveler did not explain, but gave it to him as a souvenir, and it became his most cherished possession. Every day he looked at his "father's picture," and kept it carefully locked up, showing it to no one.  
But there came a day when he left his keys behind, and his wife, who had long wondered what it was he kept so carefully, started rummaging and found the mirror.  
"Oh," she murmured, as she gazed into it, "so that's the cat he's after, is it?"
