HOLY PLACES
By Herbert D. Gallaudet
Wherever souls of men have worshipped, there
There is God; where old cathedrals climb the sky,
Or shining hillside lift their heads on high
Or silent woodland spaces challenge prayer,
Or inner chambers shut the heart from care;
Where broken temples of old faiths now lie
Forgotten in the sun, or swallows cry
At dusk about some cross road chapel base,
Alike of bells and beauty; where saints walked
Of old with speaking presences unseen
Or dreaming boys with quiet voices talked
In pairs last night on some still college green;
Where Moses' Sinai flamed or Jesus trod
The upward way apart; there, here is God!

"Auto's" Derivation
The word automobile was taken from the Greek "auto," meaning self, plus the Latin "mobilis," meaning movable. It is of French origin and is an adjective used as a noun. In its first usage it was applied only to pleasure vehicles or carriages. The term was created to meet the sudden demand for a word to describe the horseless, or self-propelling vehicle.

Advised Columbus
Eratosthenes, ancient Greek philosopher, is said to have deduced the roundness of the world and measured its circumference. In the Fifteenth century, Toscanelli, a Genoese scientist, came across his writings and is said to have imparted them to Columbus with the assurance that if he sailed to the west he would discover new lands.

Town's Claim to Fame

Judo, or Ju Jitsu, is a form of athletic and wrestling, which keeps the body in good training, and enables it to meet all attacks with the body covered only with breeches and a loose jacket. It cultivates quickness of the eye, hand and foot. It is greatly practised by the Japanese.

War "Tanks" Not New
"Tanks" were perfected during the World war, but the idea is much older. Fighting vehicles are recorded as early as 1200 B. C., when the Chinese made use of protected vehicles propelled by man or horse. The so-called Tudor "war carts" were used during the Fifteenth century.
