

WOMEN CAN NOW DO MORE

Because Lydia E. Pinkham's Vegetable Compound Keeps Them Well

Fifty years ago there were few occupations for women. Some taught school, some did housework, some found work to do at home and a few took up nursing. Today there are very few occupations not open to women. Today they work in factories with hundreds of other women and girls. There are also women architects, lawyers, dentists, executives, and legislators. But all too often a woman wins her economic independence at the cost of her health.

Mrs. Elizabeth Chamberlain who works in the Unionall factory making overalls writes that she got "wonderful results" from taking Lydia E. Pinkham's Vegetable Compound. Mrs. Chamberlain lives at 500 Monmouth St., Trenton, N. J. She recommends the Vegetable Compound to her friends in the factory and will gladly answer any letters she gets from women asking about it.

If Lydia E. Pinkham's Vegetable Compound has helped other women, why shouldn't it help you?

As We Grow Older

Proper Kidney Function Is More Than Ever Important.

As we grow older, there is apt to be a gradual slowing up of bodily functions. The kidneys are the blood filters. If their action becomes sluggish they do not thoroughly cleanse the blood of poisonous wastes. This tends to make one tired and aching, with often a nagging backache, drowsy headaches and dizziness. A common symptom of imperfect kidney action is scanty or burning excretions.

Elderly people recommend Doan's Pills. This tested diuretic is endorsed the country over. Ask your neighbor!

LAST STAND of the cockroach army

No use waving that white flag! Peterman's will get him

EVERY cockroach in thousands of homes has been exterminated by Peterman's this season. You must have a powder for roaches. Peterman's Roach Food is the right powder. It entices cockroaches from their nests. They get just a little on their legs. Back to their nests they go—behind baseboards, under floors, where no spray could reach them. Every cockroach they touch, their young, every egg is exterminated. Nothing is left but a little dry dust. No odor.

Here is the right insecticide for each insect: PETERMAN'S ROACH FOOD—exterminates cockroaches. PETERMAN'S ANT FOOD—exterminates ants. PETERMAN'S DISCOVERY (Liquid)—exterminates bedbugs (used through spout on can). FLYOSAN—kills flies and mosquitoes. PETERMAN'S MOTH FOOD—protects against moths.

You must have a specific insecticide for each insect. No single insecticide will exterminate them all. We have had nearly 50 years' experience. We know that is true.

Peterman's has the right insecticide for each insect. On sale wherever drugs are sold.
