Friday, Oct. 14 1927.

Tis education forms the common mind: Just as the twig is bent, the tree's inclined.

Made Goldfish Popular

Goldfish first appeared in England about two centuries ago, but It was Luigi Cura and his father who made them popular in the parlor windows of the nation. They began almost by chance. The Curas came to London from Italy sixty years ago, when Luigi was a boy, and his uncle sent him a can of goldfish to comfort him in his exile.

Finding the fishes interested their neighbors, they began to import them and sell them. After a time they added tortoises to their stock-in-trade. and forty thousand tortolses, as well as half a million goldfish, passed through their hands in a year.

"Tidy" Philosopher

Many of the world's greatest philosophers are known to have had very little concern for their personal appearance. One notable exception according to a biography written about 1688 and recently reprinted was Spinoza who, says the author. was extremely tidy." Whenever he left his house there was, as well. something about his clothes which usually distinguishes a gentleman from a pedant."

A present-day critic observes: "He was a man of the greatest reticence. but with nothing to conceal; a man of intensely 'private life,' but wholly transparent.

Catenberg Not First to Use Movable Type

The first book printed in Europe with movable type was the famous Gutenberg Bible. It was printed in 1450-55 Beside it Doctor Vollbehr recently exhibited a Chinese book printed with movable types long be-fore the Gutenberg Bible appeared. and indeed the Chinese printer Pi had so printed books 900 years before Gutenberg was born. In all that time the Chinese had been using movable type. publishing books of such beauty and perfection that they are today the admiration of all bibliophiles, and Europe knew nothing about it. Not even Marco Polo, who went to China in the middle of the Thirteenth century and became the guest of Kublal Khan, brought back to Europe the invention was to electrify civilization. Within 25 years after the Gutenberg Bible came out, printing with movable type had spread into every civilized country in Europe. Fifty years later the French and Italians particularly had joined the Germans in the printing of books which for craftsmanship and typography have not been sur passed from that time to this.

How big the world was in that distant time! How wholly unlike it is our world of today, in which not only

(OBITUARY)

daughter Anna and son Arnold, h id preceeded them to prepare a home in the West, settling at line, where she lived for thirtythree years. Mrs. Balsiger made har home with them for ten years. bit when her daughter Anna. who had been a successful teach er for more than twenty years and was the first woman to hold the office of superintendent of schools in Morrow county, suc cumbed to an operation for appen dicitis, she made her home with her, son Paul Balsiger, and part of the time with her other chil-

dren. During the illness of Miss Bal siger, the mother was constantly at her bedside and could not be persuaded to leave for needed rest, feeling that she might contribute to the comfort and relieve the suffering of her beloved daughter until she passed away. and then bowed to the will of the Aimighty. Seventeen years ago.

January, 1909, her husband pre. ceeded her in d. a.b.

She was a member of the Congregational church all her life and for years was active in helping to build and support the church at lone. She consecrated her entire life to her Lord and Master and through her every act, whether in her daily work or in her worship of God, one could not help but see emanating a Christian spirit and devotion rare among Christian people. Always mindful of the welfare and feelings of her dear ones, always ready to do her part in relieving the suffering of others, she was always ready and on hand when called by any of her loved ones when ill or in trouble, and tender

ly nursed them back to health. whenever possible.

When her last illness came she longed to go and meet her God. feeling that her life's work was ended and on Wednesday, Octo-5, at 4:30 P. M. the final summons came.

Mrs. Balsiger is survived by one sister, Mrs. Alice Keller, and one brother, Paul Rietmann of lone; one daughter, Mrs. Chas. A lenger of Ione; five sons, Fred of White Salmon, Wash.; Arnolo of Vancouver, Wash.; Paul of Ione; John of Portland, and Louis of Ione; also 15 grandchil- Statement of the Ownership, Man dren and 13 great grandchildren.

Funeral services were held Friday. October 7, at 10:00 A. M., at the Congregational church. The pastor, Rev. W. W. Head, officiated and many were there to show their last respects to "Grandma" Balsiger as she was

THE LYCEUM

Down in the Allegheny corl mines they keeps canary bird. As long as the bird lives and sings and lives, the air in the mine is good. If the bird quits singing and dies, the air is bad, and the miners know they must either purify the air or get ou.

The Lyceum Course in lone is a canary bird. The churches and schools in lone are canary birds. As long as they sing the air in

lone is good. But when any of them get sick and die, the air is bad.

If you are a father or mother with children to raise, if you are a good citizen of lone, you will be glad to help keep the canary in lone singing.

Season tickets are now on sale a'\$1.25. Buy a season ticket and save 50ct. The student who sells the most tickets and turns in the most money will wid a \$5.00 foan tain pen of his own selection. The second highest will win # \$2 tountain peu.

Pens are on exibition at Bul-I urd's Pharmacy.

Music Land Duo Oct. 27 Dec. Ione High School Play Jan. 13 - Lecture

Study Your Ancestore

Prof. Rudolph M. Bluder, head o he department of sociology of New York university, states that a consid -ration which should be kept in mind in the search for the proper wife or "ushand is a study of ancestral traits "Certain traits," says the professor

known to the scientist as 'recessive raits,' often held in abeyance for sevral generations and entirely forgot en, will suddenly reappear in a child "The study of ancestry should cover it least five or six generations. Moral, uental or physical defects may assert hemselves a hundred years after they ave apparently disappeared."

Huge Electric Furnaces

Electric furnaces which are great ubes sunk in the ground are used to heat ship's guns in order to expand them to take now barret linings. Ja. he glant 10-inch guns these lining. ave to be replaced after each 100 ischarges of shells using explosives f war strength. They will endure bout 300 shots in peace-time target ractice such as was engaged in by he Atlantic fleet of Guantanamo bay, u the Caribbean sea last spring. The uns are lowered into and withdrawn rom the furnaces by electric cranes apable of lifting 380 tons,

agement, etc.,

Lucky Discoveries of

Vast Mineral Wealth

Tin is worth about \$1,470 a ton. At North Dundas, in Tasmunia, a sugget of the metal has been found which weighed 5,400 pounds, and was almost pure metallic tin.

Copper often occurs in nature in a pure state. A solid block of this metal, weighing more than a ton and a half. has just been found in South Africa. The most wonderful discovery of the

kind was made in the Andes, at the hack of Peru, where, at a height of 14,000 feet, there has been found a mountain of copper ore a mile long and half a mile wide. Silver is sometimes found in great

masses. Most of us have heard of Cohalt, the miracle silver city of northern Ontario. One day, in the opring of 1903, two workmen quarreled while at work on a rough rallway track made for hauling lumber. High words led to blows, and one man flung an axe at the other. It nissed him but struck a bowlder. splitting it in two and showing up in its heart a mass of glittering whiteness. It was a lump of almost pure silver.

That spring Cobalt bad four small shacks, but six months inter there were more than 5,000 Inhalltants.

She Paid the Postage A woman bought a birthday gift in one of Cincinnati's department stores. She asked the salesiady to have it mailed out from the store to Berkeley, Calif.

"We will be giad to do so," said the obliging young clerk, "but if that place is over 300 miles away, you will have to pay the postage." Miss Brown presents the cause

of the Near East Relief at Lex ington, Sunday. She will address meetings at both Congregational and Christian churches.

CARD OF THANKS

We wish to thank those whose neighborly helpfulness and sympathy was so freely extended to us in the illness and death of our mother.

The Balsiger Familes

CARD OF THANKS

We wish to express our heart. feit thanks for the sympatey and kind helpfuluese of our friende in the bereavement of our son and brother, Elmer Leroy. Mr. and Mrs. C. W. Swanson and ffmily.
