Tapping Maple Trees

Tapping only one place on a tree prolongs the life of the tree. Large first-growth trees may be tapped in two and sometimes three places without injury, but it is disastrous to tap in two places near together, in order to collect the sap from the two in one bucket.

STRAYED

One dark red calf about three months old strayed from the Eubanks place. Information may be left at The Independent office.

Keep Sticking to It

Perseverance is more prevailing than violence; and many things which cannot be overcome when they are together, yield themselves up when taken little by little.—Plutarch.

Simple Goodness

More and more clearly we learn that it is not great talent or great wealth that counts most for one's usefulness in the world, but simple goodness. The life that is upright, the companionship that is kind, honesty and honor that never fail, the word that can be trusted, these are all around us, and they make up the comfort of human association.

Strange Mourning

In Turkey, Syria and Armenia the women wear garments of celestial blue as an emblem of mourning.

Plans have been accepted for a one hundred and fifty thousand dollar building at Linfield college. Portland lumber exports for February were 22,948,910 feet.

The United States has opened 2,160 acres of homestead land near Paisley with preference to World War veterans.

A 15,000 case crop of asparagus is predicted for Hood River this year.

The taxpayers of Multnomah County will this year pay \$17,376 158.40 in taxes. Of this amount, \$7,099,268.42 or more than 40 per cent, was levied as a result of a direct vote of the people. Of the money raised for state purposes more than 70.28 per cent is from taxes authorized by direct vote of the people.

Production of Borax

Borax is an inorganic salt and is native where found. It is a crystalline compound and the borax of commerce is secured by refining the crude product.

Graham Flour

The difference between whole wheat flour and Graham flour is that there is less coarse bran in the so-called whole wheat flour than in the Graham. Alexander Graham was the first to advocate milling the entire wheat adding nothing to it and subtracting nothing from it. In some mills the whole wheat flour is a product of the whole wheat put through a process to take out the coarsest bran.

The Unknown Hero

The great public benefactor on whose tomb we, as a man of sedentary pursuits, intend to lay a wreath as soon as we can find out where the tomb is, is the inventor of the two pants suit.—Ohio State Journal.
