

HOUSE-WORK TIRED HER

Finda Aid in Lydia E. Pinkham's Vegetable Compound

Plymouth, Wis.—"I am one of the women taking Lydia E. Pinkham's Vegetable Compound and am proud to say it is good. I was so run-down that I didn't feel like doing anything and my mother told me to try the Vegetable Compound and I did. It did me good. I do my housework and also do all my garden work and I have a three-year-old girl to look after. I have told quite a few others to try the Vegetable Compound and I am willing to answer letters about it."—Mrs. Ed. Deitz, R. 4, Plymouth, Wisconsin.

Electric Cure for Colds

Colds can be treated by applying electric heat to the inflamed interior of the nose.

Electric current is sent between metal plates at each side of the nose, so that the inner membranes of the nose and not the skin receive most of the heat produced.

Several remarkable successes have been reported after a few minutes of this treatment.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste. It's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them! Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

Pet Crow Has Repaid Man for Saving Life

This is the story of a crow who braved the frigid winter of the mountains near where Rip Van Winkle was awakened by the echoes of distant bowling. It is a story of a crow befriended by man and, in turn, man's friend and companion.

There was commotion in the field, for there was an argument in crow circles, says Nature Magazine. A young fellow was being ruthlessly pecked by his confreres, for what reason the crows only knew. John West arrived in time and rescued the youngster, nearly dead, carried him to his barn and fed and nursed him back to health. He christened him Jack and he became a fully accredited member of the family.

Jack became a home-loving crow, wandering about the house and repaying the hospitality with a never-failing originality of tricks. He liked motoring, traveling perched on the roof of the car, and in payment for his rides declared war on marauding crows and drove them from the corn.

Drink Water If Back or Kidneys Hurt

Begin Taking Salts if You Feel Backache or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders. By all means, drink lots of good water every day.

Bobby—Yes, but yesterday it was new, daddy.—Boston Transcript.

Variety Desirable

"I was reared in the lap of luxury," said the multi-millionaire's daughter. "Try mine for a change," suggested the impecunious young man.

His Advantage

The New Orleans man cussed himself into the chair and called for a shave. The little barber was of a swarthy complexion that indicated that he might be of Latin-American blood. As he stropped his razor he opened the conversation with:

"What's your opinion of this Nicaraguan situation?"

"Same as yours."
"But how do you know what mine is?"
"Don't matter. You've got the razor."

Evidence of Deafness

Dissatisfied Diner (to proprietor)—That waiter who attended me must be hard of hearing.

Proprietor—Why so, sir?
Diner—The order I gave him was for liver, not leather.
