NATURAL RESOURCES TO BE DEVELOPED

Opportunity For Conversion of Native Raw Material Into Finished Product Seen.

(Contributed)
Morrow County is to have a mill and factory which will utilize natural products which are now going to waste and which will give employment to a large number of local citizens and supply home demand as well as having a large amount for export.

We have three natural products which will enter into the production.

It is proposed to establish a light and heat plant on Sunflower Flat where Indians will be encouraged to grow sunflowers which will be collected and converted into electricity which will be carried to Mahogany Ridge.
