STUDEBAKER

30,000 MILES

26,326 MINUTES

(total elapsed time)

At Atlantic City
Speedway, between
July 21 and August 9,
four regular factory
production Stude-
baker President
Eights again proved

the supremacy of Studebaker in the automotive world. Under strict supervision of the American Automobile Association, two President Eight roadsters traveled 30,000 miles in less than 27,000 consecutive minutes—19 days and 18 nights of driving at better than 68 miles per hour! Two President sedans averaged 63.99 and 64.15 miles per hour for the same distance! All four cars were strictly stock—not specially prepared nor even selected by Studebaker, but chosen at random from Studebaker's assembly line by A. A. A. officials.

Even before this great achievement, Studebaker held more official speed and stamina records than all other makes of cars combined—The Commander with 25,000 miles in less than 23,000 minutes; The Dictator with 5,000 miles in less than 4800 minutes; and The Erskine Six, holder of 11 official records in its class, 1000 miles in 984 minutes!

Whatever Studebaker-built car you buy, you are assured superlative performance and supreme One-Profit value. See and drive a Studebaker today!
