## INFANTILE PARALYSIS ETERNAL VIGILANCE THE ONLY SAFEGUARD

During the winter and spring months of 1928 the prevalence of infantile paralysis was greater in the United States than usual although the number of cases was not large. Since about the first of June there has been an increase in the number of cases in this state. Now is the time to be on the watch for the early cases which usually forerun an epidemic. This is the most crucial period in the development of epidemic conditions with this disease.

## Local Happenings

A considerable number of local Nimrods made their way to the mountains last week. Bert Mason and Mike Cotter got away Friday and Elmer Griffith and Judge Robinson hit the trail Saturday afternoon.

David Head, Fred Mankin and Walter Correy returned from the mountains Sunday, each having bagged a buck. David Head got the largest one that had been taken so far this season.

Mark Agee has moved his family into Mrs. Louy's house on Main street. Miss Nedra, who graduated from the lone high last year, is visiting relatives in California, but will not attend school this year, because of ill health.

See the new cabinet model Orthophonic Victrola on display at Bullard's Pharmacy.

Edmond Bristow is working at Walla Walla. During his absence his wife and little daughter are visiting Mrs. Bristow's sister, Mrs. Earle B. M. Wright in Baker.

Lonnie Ritchie is visiting with his sister, Mrs. Paul Lovel, in Estacada.

Miss Thelma Forbes leaves this week for Corvallis where she will become an Oregon State College student. Miss Forbes plans to take the courses in pharmacy.

Mrs. Earl Wright, who with her little sons, has been visiting Mrs. Wright's parents, Mr. and Mrs. T. E. Grabbil, returned to her home in Baker, Friday night.

Chas. O Connor is at work making some improvements on the M. R. Morgan house on Third street.

Mass next Sunday at the home of Paul O'Meara. For more detailed notice see our church column.

Red and White Specials on the 22nd and 24th of Sept. at Bristow and Johnson's.

Nolan Page was with us briefly this week. He left Pasco Junction this Friday morning for Iowa City, Iowa, where he has a teaching position.

One by one the local Nimrods are returning from the wilderness. We note Laxton McMurray, John Cochran, Bert Mason, F. H. Robinson, Elmer Griffith and M. Cotter, mighty hunters all.

Our most efficient and courteous post mistress, is away for a few days and Mrs. Blake is substituting for her.

Mr. and Mrs. W. E. Bullard visited the Round Up Wednesday and Thursday.

Hal E. Hoss,  
Republican nominee for Secretary  
of State.

## LOCAL GIRL WINS TRIP MISS OPAL COOL WILL REPRESENT THIS COUNTY AT STATE FAIR

Opal Cool, daughter of Mr. and Mrs. H. E. Cool, has been recognized as the outstanding club worker in Morrow county and with this distinction has won a trip to the State Fair at Salem.

She will leave for Salem on Sunday and will return Thursday

County Agent Smith was in Ione Monday afternoon, consulting with school officers and teachers with reference to a series of Nutrition Meetings to be held under the joint auspices of the State College and the Ione public school.

The first of these meetings will be held in the school house at Ione on Wednesday, October 10, beginning at 10 o'clock and continuing through the day. At this meeting health score cards will be taken and Miss, nutrition specialist of the Oregon State Agricultural College, will lecture on "What we eat and What Becomes of it." Each lady is requested to bring a lunch as this is taken in as part of the regular program for the day. Anyone desiring more details should get in touch with Mrs. Ruth Mason or Supt. Earle A. Brown. Some time with in the next few days a letter will be sent to each of the patrons of the school asking them whether or not they will attend.

Callers at the S. D. Seely home Sunday afternoon were Ms. and Mrs. H. O. Ely and daughters Edith and Margaret, Mr. and Mrs. Martin Baurenfeind and Mr. and Mrs. James Hardesty and son Howard.

Mrs. Leona Christopherson, accompanied by her daughter Margie and her father, Mr. Harvey Seely of Arlington, called on Mrs. S. D. Seely, Tuesday morning.

KNOW YOUR DRUGGIST BETTER - He's your doctor's right-hand man

## "I Understand How Serious It Is"

There is serious sickness at home, and you hurry with the prescription the doctor has given you to your local prescription pharmacy. The pharmacist immediately senses the seriousness of the case from the medicine the doctor has ordered. Every minute that treatment is delayed counts against the patient.

Perhaps the prescription calls for a rare drug or a new remedy. Yes, the pharmacist assures himself he has every ingredient—he had prepared for emergencies. Coolly, deftly, accurately, he compounds the prescription, and carefully checks his work.

Such emergencies should help to impress on you that your prescription pharmacy is entitled to support. There isn't enough prescription business in most communities to support an exclusively prescription drug store. Therefore the druggist must sell many sundries—he must be a merchant, too. Only by doing this can he make a living, and maintain his pharmacy, in equipment and efficiency, so that it may best serve the needs of the community and its physicians when serious sickness comes.

The Druggist who displays this sign emphasizes the professional side of his calling—that which calls for all his skill and care and knowledge—the filling of prescriptions. He uses Merck's prescription chemicals because he knows that for generations the products of Merck's Laboratories have had the confidence of both Physicians and Pharmacists.

Studying Street Noises

In an effort to bring about the elimination of many street noises, a survey is being made in the streets of Chicago with an instrument recently devised for recording and comparing the volume of different sounds. According to this instrument the average human voice records 40 and the streets noises on the level of one of Chicago's busiest corners is 657. The volume of noise encountered at the top of a tall building is about one-third that at the street level below. A steam engine pulling up a grade makes three times more noise than an electric motor doing the same amount of work on the same grade.
