FRYE AND COMPANY

MUSIC, mirth and magic will be presented here soon when Frye and Company, magicians and entertainers, visit our city. Mr. Frye is one of the best known magicians of the day and in addition to performing a fast-moving series of baffling demonstrations and mystifying tricks of magic, he also presents, through his delightful assistants, delightful musical numbers on piano and saxophone. Vocal numbers are also to be enjoyed on the program. An evening of fun and genuine enjoyment will be had when Frye and Company appear before local people.

The magician and his mysterious manipulations have always had a strong appeal not only to children but to adults as well.

When Frye and Company appear here on the evening of Nov. 16 at the High School they will offer a program that is mystifying in the extreme. Mr. Frye is one of the cleverest magicians now before the American public and he presents the latest illusions from the field of magic. A very delightful feature of his program is the musical work of his associate, Miss Leao Miles. She is a pianist, saxophonist and a soprano with a very pleasing voice and a sound background of second musicianship. The combination of music, mirth, magic and mystery makes up a most delightful evening.

The magic repertoire includes the sword cabinet, the vanishing pigeons, the twelve ringing alarm clocks, the Chinese torture cabinet, and many other startling demonstrations.
