—take it!
It's Bayer

The nurse tells you to take Bayer Aspirin because she knows it's safe. Doctors have told her so. It has no effect on the heart, so take it to stop a headache or check a cold. For almost instant relief of neuralgia, neuritis, rheumatism; even lumbago. But be sure it's Bayer—the genuine Aspirin. At druggists, with proven directions for its many uses.

Aspirin is the trade mark of Bayer Manufacture of Mononitrobenzoic Acid of Salicylic Acid

Liver Powder Appeals
Doctors may now prescribe a half-pound of liver a day and feel sure that the patient follows instructions. By a new process that has appeared in Europe a pound of beef and calf meat can be condensed into five tiny vials full of powder containing the vital curative elements without the actual tissue. Liver is valuable for restoring vitality to persons suffering from pernicious anemia, but it has been difficult to get patients to eat enough of it regularly.

In His Chosen Field
"And do you lose yourself in your work?"
"Yes."
"What is your work?"
"Exploring Central Africa."
Platitudes don't rule the world, but they help to explain it.

Grain Crops Matured Under Electric Light

In the plant laboratories at the University of Minnesota experiments have been made to prove that grain crops can be brought to maturity under artificial illumination. Electricity was the artificial light used to supplant sun light in the growth, ripening and germinating of the seeds of wheat, barley, oats, rye, lettuce, peas, beans, radishes and other plants, says the Washington Star.

The experiments were conducted in unheated basement rooms of the college. Tungsten filament nitrogen lamps burning twenty-four hours a day were used. Spring wheats were made to produce ripe seeds in ninety days of continued lighting in this first test of the sort where electricity replaced sun light.

The experts of the university believe that under this artificial method plant breeders may be able to produce three generations of seed in a year.

ATWATER KENT RADIO

That Voice...
you'd know it anywhere!

DID YOU hear Hoover? What did you think of that speech of Smith's?
Hear this historic campaign clearly through an Atwater Kent. You won't miss a word—a syllable. Atwater Kent tone is famous for clarity. Atwater Kent workmanship can be relied upon. Atwater Kent resources make prices low.

Electric or battery—your choice
Some homes have central-station electricity, some don't. Both kinds want fine radio. So Atwater Kent offers modern instruments in two forms.
With the all-electric set, you need no

MODEL 40 ELECTRIC SET \$77
(without tubes)

MODEL 40 A. C. set For 110-120 volt, 50-60 cycle alternating current. Requires six A. C. tubes and one rectifying tube, \$77 (without tubes). Also Model 42, with automatic voltage regulator, \$85 (without tubes), and Model 44, an extra-powerful "distance" set, \$109 (without tubes).

batteries. Your radio is operated in the same way your lamps are lighted—in from the house current, either A. C. or D. C. The current costs considerably less than a cent an hour—about as much as reading a newspaper by the light of a single 40-watt lamp. Think of hearing Smith or Hoover for less than a cent!

With an Atwater Kent battery set the programs will also come in clearly and strongly—whether you want speech or music—for the Atwater Kent name-plate on any set spells good, reliable reception.

Nearly 2,000,000 owners prove it
There's nothing untried about Atwater Kent Radio. Each year for six years it has set the pace in improvements, performance and price. Among rural families as well as in the cities, it is far and away

the leader in sales and popularity. The nearest Atwater Kent dealer will be glad to give you a demonstration and advise you in the selection of your model.
