### Appears Privacy Is Soon to Be Unknown

First the telegraph and the cable; then the wireless. Then the telephone and the motion picture, the television coming right after them. Now the air is murmurous with the sounds of human life and the voices of all the peoples of the world, and soon the sights and noises of a bazaar in Asia will be currently revealed in New York.

Will the four walls which man has built around himself suffice for long to enable him to live his life in the privacy which has always been his most jealously guarded liberty?

When the first telephone came to the rural regions of America something of this shattering of individual privacy began.

Proud and progressive man, building his cities, refining his civilizations and stunning nature with his inventions, may move in a circle after all.—New York Times.

## DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

### Snake-Saving Campaign

To save harmless snakes from being killed by small boys, hunted by picknickers and destroyed by farmers, C. Edward Roehrig, a California physician, has started the Herpetological Society of California. Signs have been placed along the road in the society's educational campaign informing the public that the only dangerous snake indigenous to the state is the rattler, and that all others should be spared because of their economic value.

"After my daughter grew into womanhood she began to feel rundown and weak and a friend asked me to get her your medicine. She took Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Herb Medicine. Her nerves are better, her appetite is good, she is in good spirits and able to work every day. We recommend the Vegetable Compound to other girls and to their mothers."—Mrs. Catherine Lamuth.

"I praise Lydia E. Pinkham's Vegetable Compound for what it has done for my fourteen-year-old daughter as well as for me. It has helped her growth and her nerves and she has a good appetite now and sleeps well. She has gone to school every day since beginning the medicine. I will continue to give it to her at regular intervals and will recommend it to other mothers who have daughters with similar troubles."—Mrs. Eva Wood Howe.
