IONE, OREGON, FRIDAY, Jan. 18, 1929

NUMBER 34

REP. JOS. N. SCOTT

Member of Four Committees.
(Oregon Voter Reporting Service)

Salem, Jan. 17 — Joseph N. Scott, of Pendleton, who is representing Umatilla and Morrow counties at the legislative session now in progress at Salem, a member of the mining, agriculture and health and public morals committees, having received his appointment the first day of the session.

Representative Scott has his family with him in Salem, and they are living at the Ambassador apartments. His daughter will act as his secretary during the session.

Scientific Fact

Whether or not an object weighing a pound goes to the bottom of the ocean depends upon its structure. If its specific gravity or density is greater than that of water, it will sink to the bottom no matter how great the depth.

WHEAT GROWERS TO MEET SATURDAY

January 19 1929.

To all Morrow County Wheat Growers:
Dear Sirs:

There will be a meeting of Morrow county Wheat Growers in the County Court House, on Saturday Jan 19, beginning at one thirty.

Outside speakers will be present to discuss problems now facing the wheat growers and to explain the methods being put into effect to remedy these conditions.

Strength is in number. Any petitions that are sent in before Congress must be from organizations representing a large percentage of the growers. Your presence at this meeting is requested.

Very truly yours,

Chas. W. Smith
County Agent.

Ione, Oregon.

Friday and Saturday, February 1 and 2, have been set aside for the dedication of the newest addition to Linnfield's campus, Melrose hall. At that time Baptists, the people of McMinnville and the college will join hands in the opening of a building which is the initial movement toward a series of new buildings which will include a library, a chapel, commons building, dormitories, a new gymnasium, a new science hall and a new music hall.

Joe Miller of Alder slope has been chosen head of the Wallowa County Marketing association, formed at Enterprise recently. There are six other directors, with one of them acting as secretary-treasurer. Information from the county agent shows that during the two months co-operative shipping has been done from the county, more than \$40,000 worth of hogs alone have been marketed by the farmers of the county, as well as a considerable number of sheep and cattle.

Legislation providing relief from depredations by dogs among sheep in Oregon is the purpose of a movement started in Albany by local sheep owners, who complain that their losses are constantly growing greater. In Linn county proceeds from dog licenses during 1928 totaled \$3112.35, while claims for sheep losses have already far exceeded this amount. During 1927 dog licenses yielded \$2843, while claims were nearly \$6000, leaving sheep owners to bear half their losses.

The land settlement report of the Oregon chamber of commerce from January 1, 1928 to January 1, 1929, includes the following information: Number of inquiries received, 12,123; signed questionnaires returned, 735; number stating they were coming to Oregon to locate, 667; with specified capital investment of \$1,875,223; letters mailed out, 31,723; pieces of literature mailed out, 25,920; callers at office, 2,618; new settlers reported, 457; investment, \$2,123,16.00 and acreage, 387,031.

Use Black Bedding

By using black sheets and pillow cases instead of white, an Italian physician reports good results in persuading unruly insane patients to go to sleep. The doctor declares that the plan is effective with sane persons in insomnia cases.—Popular Mechanics Magazine.

To A

MOST IMPORTANT GROUP OF MOTOR CAR BUYERS

Certain American people are getting on in the world. Many of them are just starting. But they're headed up the ladder. Their ideas of luxury and beauty are expanding. They want finer homes, finer furniture, finer automobiles.

During the past three years, hundreds of thousands of these progressive Americans have been buying the Pontiac Six. Some of them have bought it as the first car they ever owned. But to most of them, Pontiac has represented the first big step up from the lowest priced field.

For this progressive group, Oakland has now created a brand new Pontiac Six. It represents an even greater advancement over everything else in its field today than the original Pontiac represented in 1926. It will take its buyers farther than ever up the ladder of motor car quality in one step. Watch for the

Hot Cross Buns

The pagan comestible eaten at the ancient spring festivals was made fit for the Christian Easter by marking it with a cross—and so we have the "hot cross bun." Parish clerks in parts of Dorset and Devon once earned a pleasant penny by carrying small, white cakes, very thin, and from five to eight inches in diameter, around to each house on Good Friday after service.
