

**Girl at the Top in Health Test**

Millions of boys and girls all over the world, thousands of them right here in the West are being restored to health and strength by the purely vegetable tonic and laxative known as California Fig Syrup and endorsed by physicians for over 50 years.

Children need no urging to take it. They love its rich, fruity flavor. Nothing can compete with it as a gentle, but certain laxative, and it goes further than this. It gives tone and strength to the stomach and bowels so these organs continue to act normally, of their own accord. It stimulates the appetite, helps digestion.

A Kansas mother, Mrs. Dana Allgire, 610 Monroe St., Topeka, says: "Bonnie B. is absolutely the picture of health, now, with her ruddy cheeks, bright eyes and plump but graceful little body and she stands at the top in every health test."

Much of the credit for her perfect condition is due to California Fig Syrup. We have used it since babyhood to keep her bowels active during colds or any children's ailments and she has always had an easy time with them. She always responds to its gentle urging and is quickly back to normal.

Ask your druggist for California Fig Syrup and look for the word "California" on the carton so you'll always get the genuine.

**ANCIENT HISTORY**

"Have you ever studied the history of ancient Rome?"

"I have," answered Senator Sorghum. "And I am impressed by the disadvantage under which that classical old government labored, through lack of modern improvements. If ancient Rome had enjoyed conveniences of radio and gas filling stations, and other methods of quick communication, results might have been different."—Washington Star.

**Great Liberty**

"You deny that republics are ungrateful?"

"Emphatically," answered Senator Sorghum. "If anything, republics are too liberal. Every once in awhile some republic has made some historic personage a present of the entire country simply because he put up an able oration at the psychological moment."—Washington Star.

**MAYBE ANOTHER, TOO**

She—Does Marie still love her hubby?  
He—Yes. He says she writes him from Palm Beach whether she needs money or not.

**Mixture**

The oratory folks let slip is filled with verbal tricks. You scarce know which is statesmanship and which is politics.

**A Wet Finish**

Husband—Isn't it appalling? My wife insists on taking those wretched cats everywhere we travel.  
Fellow Traveler—Does she make you put them out at night?  
Husband—Invariably.  
Fellow Traveler—Take her to Venice.

**Poor Memory**

First Mere Man—I understand that your wife, once an ardent advocate for votes for women, doesn't vote any more. What's the reason?  
Second Mere Man—Oh, she forgot what age she gave when she voted the first time and she doesn't want to commit perjury.

**Appropriate**

"Why do the girls call that young man skirt?" asked her mother.  
"Because there's so little to him," explained her daughter.

**Extinct**

Inspector (examining class)—Name an extinct animal.  
Small Boy—Please, sir, Tommy.  
Inspector—But Tommy isn't an extinct animal.  
Small Boy—Yes, sir. He was our cat, but the dog got hold of him.

**Something to Recommend It**

His Wife—When you sliced that last shot your hull clipped mother an awful wallop on her dome.  
Mr. Fuzzle—Not so bad as I thought it was.

**Are You Ready**

**When your Children Cry for It**

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner does than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot pat away. And it's always ready for the crueler pangs of colic, or constipation or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.
