LOCAL ITEMS

Continued from Pg. 1.

Ritchie and Mr. F. M. Griffin attended the Rebekah Convention at The Dalles, Monday.

Mr. and Mrs. Hatcher and Mr. and Mrs. Chas. Nord drove to Umatilla, Sunday, on a visit to Mrs. Nord's brother, Ben Juday. When they returned, Mrs. Nord brought her two small nieces, Emma and Martha. She will keep the little girls for an indefinite period in order that the mother may get a much needed rest. Mrs. Juday never regained her strength after a severe attack of "flu" last winter. She hopes to go to Pendleton for medical treatment.

Charley Nord is wrecking the old Blake building on Main Street. The Declamatory try-out will be held at the school house on March 28.

The matinee program given at the school house last Friday, by the Minka an Marionettes was well received by a good sized audience.

Mrs. Grimes had as her Sunday guests, Mrs. L. M. Case and daughter Winifred, Mr. and Mrs. Jones and Miss Mary Notson of Heppner.

IT COSTS

4

TIMES

AS MUCH

to transfer a kilowatt hour to the light switch on your walls as it costs to make it in the power house.

Keeping down the cost of distribution is, therefore, one of the biggest problems of the light and power company.

To keep down this cost, millions of dollars have been spent in the research laboratories of the electrical industry on studies of the loss of electricity through leakage, the technique of constructing underground cables, improvements in transformers and insulators and the accuracy of meters. Book keeping, meter reading and bill collecting are other items entering into the cost of giving service.

Improvements in the art of generating and distributing electricity are in the interest of the consumer and the company by reducing the cost and increasing consumption.
