

### SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings. The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your drugist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

**Martian Transformer**  
A Brazilian inventor recently announced that he has perfected a device to make walking swifter and less tiresome. The apparatus, which he calls a Martian transformer, weighs about two pounds and is attached to the back. It is supposed to energize the nervous system, so that one may hike long distances over high mountains with a small expenditure of bodily energy. With a similar device weighing about 33 pounds, the inventor claims that one may take off in aerial flight like a bird. As yet, however, no practical demonstrations have been given.

### A BAD JOB

A farmer and his wife went to London on a visit, and while doing the sights they went to an art gallery. Among some reproductions of classic art they came to one more striking than the rest and inquired what it was.

"That," said the attendant, "is a reproduction of the famous Venus de Milo, the perfect woman."

The farmer gazed for some time, and then glancing at his wife remarked:

"By gum, Sophie, they made a mess o' thee."—Idios.

Jack—If I'm I don't like the expression "to boot."

### The Only Way

Longwed—There's a man who had the last word in an argument with my wife.

Justwed—Impossible.

Longwed—That's right. He's her dentist. But he had to fill her mouth with a rubber dam, three fingers, a thumb, mirror, and a drill to do it.

## What Will you do

## When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks, Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every drugist has it.
