

### When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

### Birds Hamper Flight of Australian Plane

Sir Hubert Wilkins, the noted Australian explorer, upon his arrival in Chile from his base at Deception Island stated that he had met with an unexpected menace in flying in the Antarctic. "The plane on numerous occasions," the explorer said, "was hampered by immense flocks of birds which flew into the path of the machine in such numbers that hundreds were killed by the propeller. Luckily, however, the plane was not damaged."

Wilkins established the existence of more than 1,000 miles of coast line in the region situated to the west of Weddel sea. During one of his aerial trips of 3,000 miles he was unable to find a successful landing place and therefore failed to make interesting discoveries which might have been of great geographical importance. He did succeed in discovering, however, that Graham land, which figures on all maps as part of the Antarctic continent, is merely a series of islands separated by a strait from the mainland. —Pathfinder Magazine.

**PERFECT**  
A group of traveling men were swapping lies about their radios in a Smith Center drug store, as Tom Klene tells it. An old man had been listening silently.  
"Got a radio, old man?" asked one of the drummers.  
"Yeah," replied the old fellow. "I got a little 2-tube affair. It's a pretty good one, though."  
"Can you tune out these little stations with it?"  
"Well, I was listening to a quartet the other night, an' I didn't like the tenor, so I just tuned him out and listened to the three of 'em."

### WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.

Do not let a day go by without a bowel movement. Do not sit and hope, but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.
