## Grange News

WILLOWS GRANGE.

More than a hundred grangers and guests enjoyed a pleasant time, Saturday night, at the Cecil hall. The fish pond proved to be quite the thing with the younger set. Mr. Ely was fortunate in drawing the lucky number on the water set. These amusement features and a fine cake prepared by Mrs. Pete Peterson brought the H. E. C. a tidy sum toward some kitchen supplies.

Next Saturday evening, Aug. 17, the young folks drill team will practice at the hall.

Dr. Clarke of the Clarke Optical Co. 221 1/2, Washington Street, Cor. 6th, Portland, Ore., EYE SIGHT SPECIALISTS, will be in Ione, all day and evening, Saturday, August 24th, at the Ione Hotel. SEE HIM ABOUT YOUR EYES.

## AESOP SAID:

"The least outlay is not always the greatest gain."

HAD it not been for the recognition of this principle in the early days of the light and power industry, rates today would be much higher than they are and quality of the service about half as good.

The industry has always built for the future. It has not tried to get along with the least possible outlay.

That is why, when an industry is looking for a location, the power is always there.

That is why the home seeker always finds electricity waiting for him in his new home.
