**Bishop All Right, but Oh, You Cannibal King!**

The late Avery Hopwood, the brilliant playwright, believed in the younger generation. He said one day at a luncheon in his New York apartment:

"The younger generation is innocent. It talks rough, but it is innocent at heart. It reminds me of the two little girls.

The first little girl was on her way to school when she met the old bishop.

"Haven't you got a kiss for me, my child?" he said.

"So she pursed up her little mouth and stood on tiptoe and the old bishop kissed her.

"When she got to school she bragged to her schoolmates:

"I just kissed a bishop."

"Oh, pshaw, that ain't nothin'," said a second little girl. "Why, at the masquerade ball at the Ocean hotel I kissed a black cannibal king."

**Seamen's Phrase That Might Puzzle Landmen**

"Yes, I like the Bowdoin. She sleeps eleven," said Commander MacMillan to a reporter who greeted him when the ship docked.

"She sleeps eleven?" the reporter questioned.

"Yes," the commander answered. "She sleeps is a term used by sailors and obviously means the limit of the ship's accommodations. I was walking through a cemetery in Provincetown, Mass., not very long ago when I saw two old sea captains admiring the tombstone of a prominent ex-resident.

"That's quite a tombstone," I remarked to one of them.

"It is," he answered, "a wonderful tombstone. She sleeps six."

**When Food Sours**

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

**Dispute Over Hand Organ**

The centenary of the hand organ occurs this year, but there is some dispute in Italy as to whether notice should be taken of the event. In Florence the musical newspaper, Le Staffile, has come out strongly in favor of a fitting celebration, but in Rome La Tribuna is against it. The former believes that the burly, popularly represents the lowly, and popularizes the Italian opera, La Tribuna wishes to banish forever the "organetto" and the outstretched palm of the attendant monkey.

**Rich From "Hot Dogs"**

The making and selling of "hot dogs" is fast becoming one of America's big industries. This year, it is estimated, 400,000,000 pounds of these toothsome sausages will be fed to the American public in sandwiches. One stand at Coney Island last year averaged \$15,000 every week-end through the season. Then the proprietor, known as "Hot Dog Joe," took his family to Italy, where they lived in affluence through the winter.
