

**FAMILY DOCTOR  
LEARNED THIS ABOUT  
CONSTIPATION**

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripes; children liked its pleasant taste. All drugstores today have Dr. Caldwell's Syrup Pepsin in bottles.

**WELL OR MONEY BACK**

After Pills eliminated or fee refunded—is the WRITTEN ASSURANCE we give in administering the Dr. C. J. Dean famous non-surgical method of treatment. (Used by us exclusively) Remarkable success also with a liberalized Colon element. Send TODAY for FREE 100-page book giving details and hundreds of testimonials.

Another Surgical Triumph

Something new in the line of surgical activities was disclosed at Great Falls, Mont., when a surgeon at a dog and cat hospital operated upon a dog for removal of a silver dollar from its stomach. The operation was a success, the dollar was recovered and the dog regained its health.

**WOMAN SICK  
THREE YEARS**

Helped By Lydia E. Pinkham's Vegetable Compound

Little Rock, Ark.—"I was sick for three years after my last baby came. I could hardly walk and could not eat nor sleep as I should because I was so nervous. I took seven bottles of the Vegetable Compound and used that number of bottles of Lydia E. Pinkham's Sanative Wash and I am feeling just fine. I have a large family and do the work for all. Your Compound made me a well woman, and I have a happy home now. I always try to keep a bottle of the Vegetable Compound in the house and I tell everyone about it for I know it will help them."—Mrs. H. A. Adams, R. F. D. 6, Box 63, Little Rock, Arkansas.

**Army of Hunters**

Pity the poor, wild game of this country! Based on last year's figures, an army almost three times the size of the A. E. F. in the World war is about to move on the rabbits and deer, ducks, partridges and other game fowls and animals. Hunting licenses for the 1928 season were issued to 6,450,000 people, who paid in excess of \$9,000,000 for the privileges of hunting. New York state led with 675,780 licenses and Pennsylvania was second with 517,720.

**Had Reasons**

Dauber—My picture was turned down by the exhibition hanging committee. I don't believe they even looked at it.

Friend—Nonsense. They must have seen it or they wouldn't have done such a thing.—Pathfinder Magazine.

**Court Paid Attention**

Sally—So you were arrested for speeding? What did the judge give you?

Irene—Only an invitation so far.

**City's Wisdom Shown in Looking to the Future**

Millions of dollars will be saved to American cities through the planning of city improvements early. This is evidenced by the experience of Akron Ohio, which, through carefully contemplated and progressive street widening, has already saved nearly \$2,000,000 according to E. E. Duffy, head of one of the largest associations dealing in building and road construction materials.

"Ten years ago Akron adopted a street-widening plan calling for the eventual widening of nearly twenty miles of streets," he said. "To have widened these thoroughfares outright would have been impossible, for the total cost would have been some \$20,000,000. The plan was adopted of establishing new setback building lines so that as buildings became obsolete and were replaced, the new structures were erected ten feet or more back from the former building line.

"The \$2,000,000 saving made by Akron includes money saved through the avoidance of condemnation charges. Having saved this amount in ten years, the city is now going to spend roughly that amount in widening four and a half miles of an important artery."

**Essential Factors in Creating Land Demand**

We are in the habit of judging values of real estate by the general activity in the real estate market, building operations, building permits issued, acreage bought and sold, general business conditions and similar indications. But there are other important ways of gauging rising values.

The growth in population, transportation, utilities, industry, public improvements, etc., are some other factors which add to permanent real estate values because they indicate demand, accessibility, comfort, buying power, progress, desirability and the like, to the prospective buyer.

We have only to imagine the sales resistance in marketing a piece of urban real estate without improved streets, without utilities like gas, electricity, water, sewers and telephones; without factories or business nearby to create pay rolls; without rapid transportation to and from regular places of employment or business, and the importance of these factors in creating and increasing values in real estate becomes self-evident.

**Fire Prevention**

Each year the number of communities actively participating in the observance of "fire prevention week" increases and better results are obtained. Many individuals and organizations are in a position to be of service during the campaign, which should be planned in advance.

Because of the authority vested in their positions, public officials, such as mayors, village presidents and fire marshals, can aid fire prevention campaigns materially by taking part in the program and issuing proclamations calling upon citizens to participate. Usually they realize the danger of fire and gladly co-operate.

**Building Cost Lowered**

Although industrial building has been at high levels this year, the cost of a new factory structure is 6 per cent below the average for the last ten years, according to a survey of building costs throughout the country just made by a Chicago firm of engineers and builders.

The cost of industrial construction is now 40 per cent under the peak reached in 1920 and it is at the lowest point since late in 1922. The computation is based on a standard building 100 by 200 feet, and it includes prices of material and wages of labor.

**Shrubs in Shady Spots**

There are many shrubs which will grow well or perhaps better in shady situations than in the sun. Such plants include: Japanese barberry, red bud, red osier, dogwood, hazelnut, deutzia, forsythia, hills-of-snow, various species of privet, Indian currant, Van Houttei spirea, Japanese maple and numerous viburnums. In planting shrubs around the home many situations such as north exposures and tree shaded areas will be found where some shrubs will not grow. If the proper species are selected and cared for a vigorous and healthy growth will result in any situation.

**Beauty in Building**

Communities built to look like "pens in a pod" have aroused the American Institute of Architects into developing a plan for a union of effort in the arts of designing. C. Herrick Hammond, president of the Institute, announced.

The movement would bring about collaboration among architects, sculptors, mural painters, landscape designers and craftsmen in creating a new mode of architectural expression.

**Modernize With Windows**

The dark, dismal house with its dismal walls has gone. Bright, healthy rooms and friendly exteriors have come to stay. More and larger windows is the verdict of the architect and owner alike. Thousands of old homes are being modernized in this way.

NEVER wait to see if a headache will "wear off." Why suffer when there's Bayer Aspirin? The millions of men and women who use it in increasing quantities every year prove that it does relieve such pain. The medical profession pronounces it without effect on the heart, so use it as often as it can spare you any pain. Every druggist always has genuine Bayer Aspirin for the prompt relief of a headache, colds, neuralgia, lumbago, etc. Familiarize yourself with the proved directions in every package.

Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid

**To Avoid Infection**

Use Hanford's Balsam of Myrrh  
All dealers are authorized to refund your money for the first bottle if not suited

**State Botanical Garden**

A large tract of land known as the Rancho Santa Ana in southern California has been set aside and developed into a great botanic garden in which all species of plant life to be found in the state will be cultivated. More than 45,000 plants already have been propagated, and work is under way for the complete collection of native flora.

**MEDITERRANEAN**

Cruise Jan. 29 1928 to \$1750

**Shattered Adage**

It must have been the village idiot who invented the adage, "Don't judge others by yourself." Oneself is the only person on earth by whom one can possibly judge others.—American Magazine.

**Millions now use Russ Ball Blue.**

Makes clothes snowy white. Get the genuine.—Adv.

**To Finish the Job**

His Wife's Mother—I nearly died laughing at that story you told. Mr. Pester—That so? Listen; I'm goin' to tell you a few more.

If you are trying to seem young, be careful of your recollections.

Dame Fortune is a fickle jade that all men woo and try to win.

**A Sour Stomach**

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!
